THE LESSEES/LICENSEES SUBJECT TO THE RESTRICTIONS AND CONDITIONS

IN PART III

1. To enter upon land and search for mine work etc.,

Liberty and power at all times during the term hereby demised to enter upon said lands and to search for mine, quarry, bore, dig, drill for win, work, dress, process, convert,carry away and dispose of the said mineral, minerals.

2. To sink, drive and make pits shafts and inclines etc.,

liberty and power for or in connection with any of the purposes mentioned in this part to sink, drive, make, maintain and use in the said lands any pits, shafts, inclines, drifts, levels, water ways and other works.

Deputy Director (Min. Admn)
Dept. of Mines & Geology

3. To bring and use machinery, equipment, etc.,

Liberty and power for or in connection with any of the purposes mentioned in this to erect, construct and maintain and use on or under the said lands any engines, machinery plant dressing floors furnaces, coke ovens, brick- kilns work-shops, store houses bungalows, godowns, sheds and other Buildings and other works and conveniences of the like nature or under said lands,

4. To make roads and ways etc., and use existing roads and ways.

Liberty and power for or in connections with any of the purposes mentioned in this part to make any tramways, railways roads and other ways in or over the said lands and to use, maintain and go and repass with or wihout horses, cattle, wagons, locomotives or other vehicles over the same (or any existing tramways, railways, road and other ways in a (over the said lands) on such conditions may be agreed to.

5. To get building and road materials,etc.,

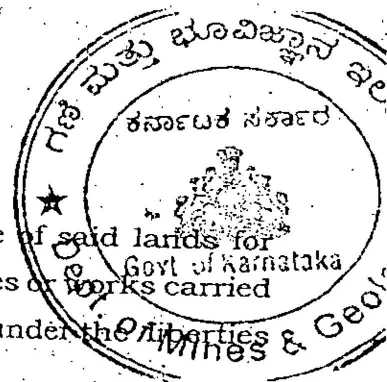

5. Liberty and powers for or in connections with any of the **purposes mentioned** in this part to quarry and get, ordinary Building stone and gravel and other building and road materials (except that of specified minor minerals) and ordinary clay and to use and employ the same and to manufacture such ordinary clay into bricks or tiles and to use such bricks or tiles but not to sell any such material, bricks or tiles on payments or royalties prescribed in the said rules.

(Bracketed portion to be deleted in cases the lease/licence in for specified minor mineral).

6. To use water from streams etc.,

Liberty and power for in connection with any of the purposes mentioned in this part but subject to the rights of any existing or future lessee/ licensee and with the written permission .... (any officer authorised by the State Government in that behalf) to appropriate use of water from any streams, water-courses, springs or other sources in or upon the said lands and divert, step up or dam any such streams or water-course and collect or impound any such water and to make, construct and maintain any water course, culverts, drains or reservoirs but not as to deprive any cultivated lands, villages, building, or watering places for livestock of a reasonable supply or water as before accustomed nor in any way to foul or pollute any stream or springs. Provided that the lessee/licensee shall not interfere with the navigation in any navigable streams, nor shall divert such streams, without the previous written permission of the State Government.

Deputy Director (Min. Admn)
Dept. of Mines & Geology
Bangalore-560001

7. To use for stacking heaping or depositing purposes

Liberty and power to enter upon and use a sufficient part of surface of said lands for the purpose of stacking, heaping thereon any produce of the mines, quarries or works carried on and any equipment, earth and materials and substances dug or raised under the liberties and powers mentioned in this part.

8. Benefication and carrying away

Liberty and power to enter upon and use a sufficient part of the said land to benificiate, process, dress convert the said Minerals, produced from the said lands and to carry away such benificiated/processed, dressed, converted mineral/minerals.

9. To clear brush-wood and to fell utilise trees etc.

Liberty and power for or in connection with any of the purpose mentioned in this part to fell and use any timber or trees or brush wood now standing which hereafter may be standing upon the reserved forest land, included within said lands, provided that not more than .... square metres or such reserved forest land shall be cleared in any one year nor the same place of tender than once in every year and provided that, the previous permission in writing from the Forest Department and forest Department is obtained which permission shall be granted by the Forest Department under time to time for an area, not exceeding .... acres at a time on written application of the lessees/licensees to the effect that the lessees/licensees requires/ require the additional area for bona fide also immediate extention of quarrying operation under this lease/ licence and provided also that the exercice of the liberty and power expressed in this clause shall be subject to the observance of the terms and conditions contained in the other part of this schedule.

PART III

RESTRICTIONS AND CONDITIONS AS TO THE EXERCISE OF THE LIBERTIES POWER AND PRIVILEGES IN PART II

1. No building etc., upon certain places.

No building or thing shall be erected, set up, placed and no surface operations shall be carried on in or upon any public pleasure ground, burning or burial ground or place held sacred by any class of persons or any house or village site, public road or other place with the State government may determine as public ground nor in such manner as to injure or prejudicially affect any building work, property or rights of other persons and no land shall be used for surface operations which is already occupied by persons other than the Government for works or purposes not included in this lease/licence. They shall also not interfere with any right of away, well or tank.

6533-2

Deputy Director (Min. Admn)
Dept. of Mines & Geology

2. permission for surface operations in a land not already in use:

Before using for surface operations any land which has not already been used for such operations the lessee/licensee shall give to the Competent Authority Sixty (60) days' previous notice in writing specifying the name or other designation of the situation and the extent of the land proposed to be so used and the purpose for which the same is required and the said land shall not be used if objection is issued by the competent authority within one month after the receipt by him of such notice unless the objections so stated shall on references to the State Government be annulled or waived.

3. To cut trees in the unreserved lands.

(a) The lessee/licensee shall not cut or injure any tree in the leased/licenced areas without the previous sanction in writing of the Competent Authority.

(b) Notwithstanding anything contained in sub-clause (a) the lessee/ licensee shall not cut or injure any tree in leased/ licensed area falling within reserved/protected forest without the previous permission in writing from the Forest Department or the Office authorised by the Forest Department in this behalf.

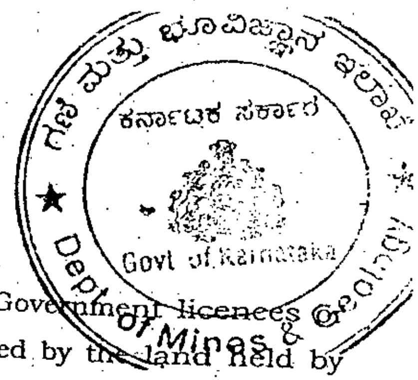

4. Permission for surface operations in a land not already in use:

Save as provided in clause 9 part II of this schedule, the lessees/licensees shall not without the previous sanction from the Forest Department cutdown or injure any timber or trees on the said but, may, without such sanction clear away any brush-wood or under-growth which interferes with any operations authorised by these presents and notwithstanding anything contained in this shedule shall not enter upon any reserved forest included in the said lands without seven days previous notice in writing to the Forest Department or the officer authorised by the Forest Department.

5. No mining operations within 50 meters of public works etc.

The lessee/licensee shall not work or carry on allow to be worked or carried on any quarrying operations at or to any point within a distance of 50 meters if no blasting is involved from the boundary of any railway line except with the previous written permission of the Railway administrative concerned or from the boundaries or reservoir canal, hightention electric line or other public works. or buildings or inhabited site except with the previous permission of Government or any other officer authorised by the Government in this behalf and otherwise than in accordance with such instructions, restrictions and conditions and either general or special which may be attached to such permission. The said distances of 50 metres or 200 metres shall be measured in the case of railway Reservior or canal horizontally from the outer to of the bank of the outer edge of the cutting as the case may be and of building horizontally from the plinth therof.

Deputy Director (Min. Admn)
Dept. of Mines & Geology
Bangalore-560001

6. Facilities for adjoining Government licences and leases

The lessee/licensee shall allow existing and future holders of Government licences & leases over any land which is comprised in or adjoins or is reached by the land held by the lessee/ licensee reasonable facilities of access thereto. Provided that no substantial hindrance or interfernce shall be caused by such holder of licences or leases to the operations of the lessee/licensee under these presents and the lessee/licensee shall be entitled to compensation as may be mutually agreed upon between the lessee/licensee and such holders and in events of disagreement such fair compensation may be determined by the Competent Authority or any other officer authorised by the State Government in respect of all loss or damage sustained by the lessee/ licensee by reason of or the exercise of this liberty.

7. if the said lands or part thereof are forest lands the lessees/ licensees shall take all steps to ease the slopes and restore top soil in lands worked out, exploited or mined and it shall be open to the Government to afforest such lands even during existence of the lease.

PART IV

LIBERTIES, POWERS AND PRIVILEGES RESERVED TO THE STATE GOVERNMENT

1. To work other minerals.

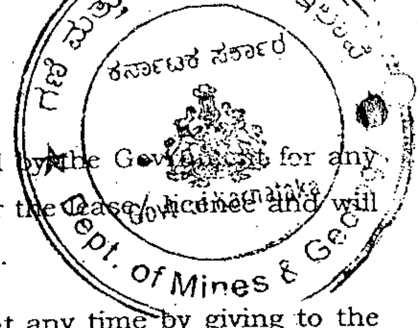

Liberty and power for the State Government or any lessee/licensee or persons authorised by it in that behalf to enter into and upon the said lands and to search for win, work, dig, get, raise, dress, process, convert and carry away any minerals other than said minerals and any other substances and for those purposes to sink, drive, make erect, construct, maintain and use such pits, shafts inclines drifts, levels and other lines, waterways, airways, water courses, drains reservoirs engines machinery. plant buildings canals, tramways, railways and other work and conveniences as may be deemed necessary or convenient. Provided that in the exercise of such liberty and power no substantial hindrance or interference shall be caused to with the liberties powers and privileges of the lessee/licensee under these presents and that the lessee/licensee shall be entitled to such fair compensation as may be mutually agree upon or in the event or disagreement as may be determined by the Competent Authority appointed by the State Goverment in respect of all loss or damage sustained by the lessee/licensee by reason or in consequences. of the exercise of such liberty and power.

2. To make railways and roads.

Liberty and power to the State Government or Central Government of construct any road, railways or canal reservoir or to carry electric or telephone lines in or over the lands under the lease/licence is reserved.

Provided that before such liberty or power is exercised a notice of not less than thirty

Deputy Director (Min Adm)

days shall be given to the lessee/licensee and the area utilised by the Government for any of the aforesaid purpose shall be excluded from the area under the lease/licence and will not be entitled to claim any compensation for such exclusion.

3. Liberty and power to the State Government to determine, at any time by giving to the lessee/licensee a notice in writing the lease /licence if the area for which the lease/licence has been granted or any part therof is required by the State Government for any public purpose and a declaration under the signature of the Director that the area, or as the case may be, the part of the area is so required shall, as between the lessee/licensee and the Government, be conclusive.

On the determination of the lease/licence under this power the area under the lease/ licence shall be resumed by the Government and the lessee/licensee shall be paid such compensation as may be determined by an officer appointed by the Government for the purpose and in assessing the amount of compensation, the officer so appointed shall be guided by the principles laid down in the Acquisition Act, 1894, for such assessment.

PART V

RENT AND ROYALTIES RESERVED BY THE LEASE

1. Rate and mode of payment of dead Rent

As from the day of ....9/7/2020...... 200 . during the subsitance of lease/licence, the lessee/licensee shall pay the dead rent in advance at Rs ....35000/-..... per Acre per annum as per Schedule I in accordance with Rules.

2. Rate of mode of payment of royalty

The lessee/licensee shall pay royalty in advance to Government in respect of minor minerals removed or consumed by him or his agent, manager employee, contractor or buyer at the rates prescribed Schedule 2 in accordance with the Rules.

3. Mineral Despatch Permits.

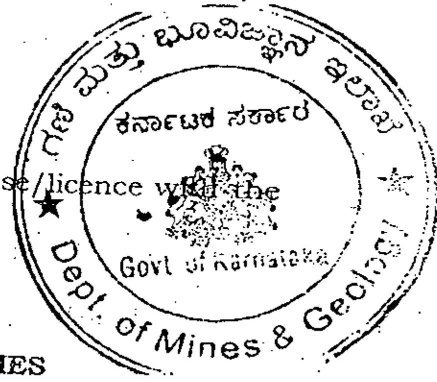

The lessee/ licensee or his agents, managers, employees, contractors or buyers/ consumers shall not move the mineral quarried without obtaining valid Mineral despatch Permit (in short PERMIT) issued by the Competent. Authority may order for determination of the lease/licence with the prior approval of the Controlling Athority.

4. Penalty

Subject to the provision of clause (3) of this part, any lessee/licensee or his agents, managers, employees, contractors consumers or buyers contravening the above clause and transport mineral without valid PERMIT, such persons will be liable for penalty at 5 times of royalty,if any lessee/licensee or his agent etc., or buyers continue to indulge in such

Deputy Director (Min. Admn)

offence the Competent Authority May order for determination of the lease/licence with the prior approval of the controlling Authority.

PART VI

PROVISIONS RELATING TO THE RENTS AND ROYALTIES

1.Rent and Royalties to be free deduction etc.,

The rents and royalties in PART V of this Schedule shall be paid from any deductions the State Government at District- Sub Treasury at ..Chikkamagaluru.... and in such manner as the Competent Authority may prescribe.

2. Mode of Computation of Royalty

For the purpose of computing the said royalties the lessee/licensee shall Keep a correct account of the mineral/ minerals actually produced from the quarries/ mines, Lands and despatched from the quarry and maintained stock, in the from prescribed by Government/ competent Authority. The lessee/ licensee shall also Keep a correct account of the number of persons employed therein and shall also maintained a complete set of plans and cross sections of the quarry and furnish to the Competent Authority concerned such imformation, reports and returns as required from time to time under these Rules together with representative samples of minerals and processed materials from the same obtained during the operations. The accounts as well as quantity (in volume or in weight as the case may be) of the mineral/minerals in stock or in the process of despatch from the quarry may be checked by any officer authorised by the State Govenment and or by the Competent Authority.

3. Course of action if rents and royalties are not paid in time.

Should the royalty and/or rent reserved and made payable by the lessee/licensee is not paid within thirty days after the date fixed in lease/licence for the payment of the same. State Government may enter upon the premises and restrain all or any of the mineral or beneficiated/processed or movable property there and may order the sale of the property to restrained or so much of it as will suffice of the satisfaction of the rent and royalties due, and all cost and expenses occasioned by the non-payment thereof.

3A. if the lessee or licence makes any default in the payment of royalty or dead rent payable under rule 26, the competent authority shall give notice to such lessee or licences, requiring him to pay the royalty or dead rent within sixty days from the date of receipt to the notice.failing which the competent authority may, without prejudice to any other action that may be taken against lessee or licence the lease or licensee or forfeit the whole or part of the Security Deposit.

4. Any rent,royalty tax fees, penalty or other sums due to Government under said Rules

Hclhy

Deputy Di...

of under this lease/licence shall be recovered as arrears of land revenue on the basis of certificate issued by the Competent Authority.

PART VII

THE COVENANTS OF THE LESSEES/LICENSEES

1. Lessees to pay rents, royalties.

(1) The lessee/ licensee shall pay the rents and royalties reserved by this lease/licence at such times and in the manner provided in PART V and VI of these presents and also may and discharge all taxes, cesses, rates assessments and impositions whatsoever being in the nature of public demands which shall from time to time charged, assessed or imposed by the authority of the State Govrnment upon or in respect of the premises and works of the lessee/lessee in common with other premises and works of alike nature except demands for land revenue.

2. To maintain and Keep boundary marks in good order.

The lessee/licensee shall at his own expense erect and at all times maintain and Keep in repair boundary marks and pillars according to the demarcation to be shown in the plan annexed to this lease/licence. Such marks order and pillars shall be sufficiently clear of the shrubs and other obstructions as to allow easy identifications.

3. To commence operations within a year and work in a workman like manner

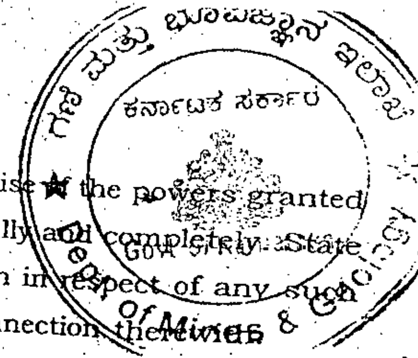

Unless the Competent Authority for good cause permits otherwise the lessee/licecsee shall commence operation within a year from the date of execution of the lease/licence and shall thereafter at all times during the continuance of this lease licence search for, win, work and develop the said minerals without voluntary intermission in proper skilful and workman like manner without doing or permitting to be done any unnecessary or avoidable damage the surface of the said lands or the crops, buildings or other property thereon. The lessee/ licensee shall prevent waste by removal of over burden careful storage of waste, drainage and removal of valuable minerals. For the purpose of this clause quarrying operations shall include the erection of machinery, laying of a tramway or construction of a road in connection with the quarry, The lessee/licensee shall not dump the overburden or waste rock or mineral on the workable deposit. if lessee/ licensee does not find suitable place to dump the waste mineral generated from the quarry within the leased/licenced area he may dump in nearly Government land obataining prior approval from Competent Authority writing.

4. To indemnify Government against all claims.

The lessee/licensee shall make and pay such reasonable compensation as may be assessed by lawful authority in accordance with the law in force on the Subject for all

H.C.

Deputy Director (Min. Admn)
Dept. of Mines & Geology
Bangalore-560001

damage, injury or disturbance which may be done by him in exercise of the powers granted by this lease/licence and shall indemnity and Keep indemnified fully and completely State Government aganist all claims which may be made by any person in respect of any such damage, injury or disturbance and all costs and expenses in connection therewith.

5. To secure and Keep in good condition pits shafts etc.,

The lessee/licensee shall during the substance of this lease/licence well and sufficiently secure and Keep open with timber or other durable means all pits shafts and make and maintain sufficient fences to the satisfaction of the State Government round every such pit, shaft or working in the said lands, except such as may be abondened accessible free from water and foul air as far as possible. The lessee/licensee shall also take adequate steps to ensure that:

(a) Height and widths of trenches in open quarries are properly maintained to facilitate easy removal of the mineral and the muck.

(b) The working faces are always Kept clean.

(c) The mineral and or benificiated, processed, dressed products there from won are staked in suitable dimensions and each such stock is numbered or marked in a manner prescribed by the Competent Authority

(d) The proper sanitation of the area leased/licenced to him maintained.

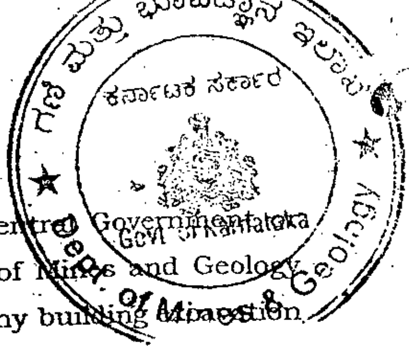

6. To strengthen and support the quarry to necessary extent.

The lessee/licensee shall strengthen and suport to the satisfaction of the Railways administration concerned or the State Government or any other Competent Autority controlling the provisions or the any law for the time being in force relating to the working of quarries and matters affecting safety health and labour matter as the case may be any part of the quarry which in its opinion requires such strengthening of suport for the safety of any railway, reservoirs, canal, road, high tension electric line and other public works or structures.

7. (1) The lessees/licensee shall submit from time to time or when required progress reports to the Director of Mines and Geology, along with analysis and representative sample of the minerals collected during the quarrying operations as also the periodical returns prescribed in the said Rules or in manner prescribed by him from time to time.

(2) The lessee/licensee shall submit to the Director of Mines and Geology. the Competent Authority and any other officer as may be specified by the Director of mines and Geology in the behalf, quarterly returns in FORM-Q and annual retruns in FORM.Y appended to the said rules, for each financial year ending 31st march, before the 30th April of the Succeeding year, and to allow inspection of working.

Deputy Director (Min. Admn)

8. **To allow inspection of working.**

The lessee/licensee shall allow any officer authorised by the Central Government the State Government or the Competent Authority or the Director of Mines and Geology under the Rules in the behalf to enter upon the premises including any building excavation or land comprised in the lease/licence for the purpose of inspecting, examining, surveying and making plans thereof. sampling and collecting any data and the lessee/licensee shall with proper person employed by the lessee/licensee and acquainted with the mine/quarry and works effectively assist such officer agents servants and workmen in conducting every such inspection and shall afford them all facilities, information connected with the working of the quarry which they may reasonably require. Such officer may issue such reasonable directions as he may deem fit to prevent wasteful extraction of minerals and it shall be the duty of the lessee/licensee, his/ their agent/manager to carry out directions within such period as the officer may specify if the lessee/licensee, his/their agent or management fails to carryout such directions within the specified period, the Competent Authority may detemine the lease/licence or may impose a penalty not exceeding twice the amount of the annual dead rent.

9. **To report accidents.**

The lessee/licensee shall report all accidents to the Director of Mines and Geology the District magistrate and the District Superintendent of Police concerned, in case of any accident causing death or serious bodily injury or serious injury to property or seriously affecting or endangering life or property which may occur in the course of the operations under this lease/licence the lessee/licensee shall send a complete report without any delay of such an accident to the said officers.

10. **To report discovery of other minerals.**

Whenever the lessee/licensee shall find, in the said lands. any mineral other than the said mineral/minerals the lessee/licensee shall immediately report such discovery in writing to the Competent Authority with full particulars of the nature and position of each such find.

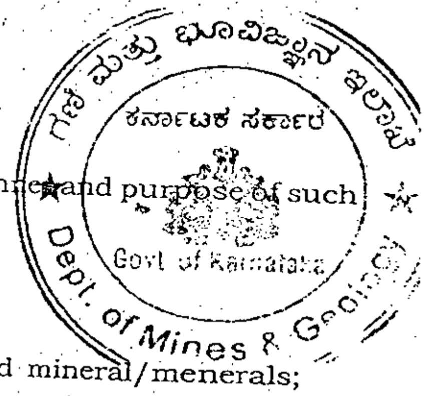

11. The lessee/licensee shall, at all times, during the said term Keep or cause to be Kept, at an officer to be situated upon or near the sid lands, correct and intelligable books of accounts which shall contain entries, showing from time to time.

(1) Quantity and quality of the said mineral/minerals realised from the said lands.

(2) Quantity of the various qualities of the said mineral/minerals beneficiated, processed or converted.

(3) Quantities of the various quantities of the said mineral/minerals sold at the quarry head or despatched to any mineral processing units, granite cutting and polishing

Deputy Director (Min. Admn)
Dept. of Mines & Geology

units within the country and quantity exported and the manner and purpose of such sale and disposal :

(4) Detail of royalty paid and PERMITS obtained.

(5) The prices and all other particulars of all sale of the said mineral/menerals;

(6) The number of persons employed in the mines or work or upon the said lands specifying nationality, qualifications and pay of the technical personnel.

(7) Such other facts, particulars and circumstances as the Competent Authority or the Director of Mines and Geology may from time to time require and shall also furnish of charge to such offices and at such times they may prescribe true and correct abstracts of all or any such books of accounts and shall at all reasonable times allow such officers or any officers at the State Govenment shall , in the behalf appoint, to enter into have free access to, for the purpose of examining and inspecting the said books of accounts and to make copies thereof and to make extracts there from.

12. To maintain plans etc.,

the lessee/licensee shall at all times during the said term maintain at the quarry officer correct, intelligible. Up-to-date and complete Contour and Geologoical plans and cross sections of the quarries in the said lands. They shall show all the operations, workings and all the trenches, pits and drilling made by the lessee/licensee in the course of operations carried on by him/them under the lease/licence. The lessee/licensee shall update such quarry plans and section at the end of each year or any period specified from time to time and the leseee/licensee shall furnish free of charge such plans sections and mineral specimens, to the Competent Authority whenever these required. Accurate records of trenches pits and drilling shall show:-

(a) The sub-soil and strata through which they pass.

(b) Any other minerals encountered.

(c) Any other mater of interest and all data required by the State Govenment the Competent Authority from time to time.

13. To abide by the Provisions of the laws in force in respect of labour welfare, safety measures, ecology and environment.

The lessee/licensee shall be bound by the provisions of law to abide by the provisions any laws for the time being in force of the laws in force in relating to ecology and environment, of the laws in force in the working of the quarries (Mines in respect of labour welfare and minerals) are matters affecting safety measures, ecology safety health and convenience of and environment. The lessee/licensee employees or the public. The lessee/licensee shall abide by the conditions laid down in the payment of wages act 1936 (Central

Deputy Director (Min. Admn)

Act No.IV of 1936). the Mines Act, 1952 (Central Act No. XXXV of 1952), the Indian Explosives Act, 1984 (Central Act IV of 1884) and the Water and Air (prevention and control of pollution) Act, 1974.

14. The lessee/licensee shall respect all existing rights of way, water and other basements and shall not carry on mining/quarrying or other operations under the said lease/licence in any way than as prescribed under the Rules.

15. Government indemnified from paying compensation for injury to third parties

The lessee/licensee shall make and pay responsible compensation for all damage, injury disturbance to person or property which may be caused by or on the part of lessee/licensee in excrcise of the liberties and power granted by these presents and shall at all times have harmless and kept indemnified the State Govenment from and againist all suits, claims and damages which my be brought or made by any person or persons in respect of any such damage, injury or disturbance.

16. Not to obstruct working of other minerals

The lessee/licensee will excercise the liberties and powers hereby granted in such a matter as to offer no unnecessary or reasonable avoidable obstructions or interruption to the development and working within the said lands of any minerals not included in this lease/licence and shall at all times afford to the Central and State Government and to the holder quarrying lease, of quarrying licence and prospecting licence or mining lease in respect of any such minerals or any minerals within any land adjacent to the said lands as the case may be reasonable means of access and safe and convenient passage upon and across the said lands to such minerals for the purpose of getting working. developing and quarrying away the same provided that the lessee/licensee shall have receive reasonable compensation for any damage or injury which he may sustain by reason or in consequence of the use of such passage by such lessee/licensee or holders of prospecting licences.

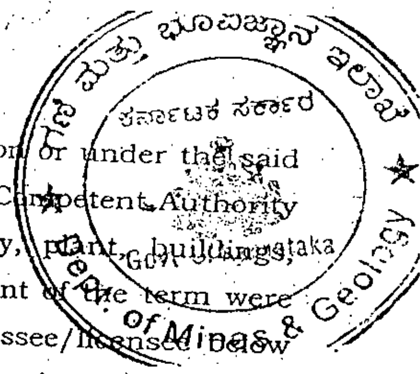

17. Lessee shall deposit any additional amount necessary equal to the security deposit

Whenever the security deposit as provided in the 9(1) and 2(1) of the said Rule or any part theereof or any further sum hereafter deposited with the State Government in replenishment thereof shall be forfeited or applied by the Competent Authority pursuant to the power hereinafter declared in that behalf the lessee/licensee shall deposit with the State Government such further sum as may be sufficient with the unappropriated part thereof to bring the amount in deposit with the State Government up to the sum of equal to the said full security deposit amount.

18. Delivery of working in good order to State Government after determination of lease

The lessee/licensee shall at the expiration or sooner determination of the said term or any renewal thereof deliver upto the State Government all mines, quarries, pits, shafts,

Deputy Director (Min. Admn)
Dept. of Mines & Geology

inclines, other works now existing or here after to be sunk or make on or under the said lands except such as have been abandoned with the sanction of the Competent Authority in an ordinary and fair cource of working all engines, machinery, plant, buildings, structures, other works and conveniences which at the commencement of the term were upon or under the such lands and all such machinery set up the lessee/licensee below ground level which cannot be removed without causing injury to the mines, quarries or works under the said lands (except such of the same may with the sanction of the Competent Authority) and all buildings and structure of bricks or stone erected by the lessee/licensee above ground level in good repaired order and condition and fit in all respects for further working of the said mines and the said minerals.

19. Right of pre-emption.

(a) The Government shall from time to time and all times during the said terms have right to be exercised by notice in writing to the lessee/licensee of pre-emption of the said minerals (and all products therefore lying in or upon the lands hereby demised or elsewhere under the control of the lessee/licensee shall with all possible expedition deliver all minerals or products of minerals purchased by the State Government under the power conferred by this provision be exercising the said right.

(b) In the events of the existence of State or War or emergency (of which existence the President of India shall be the sole judge and a notification to his effect in the Gazette of India shall be conclusive proof) the State Government with the consent of the Central Government shall from time to time and all times during the said term have right to be exercised by a notice in writing to the lessee/licensee shall forth with take possession and control of the works plant, machinery premises of the lessee/licensee on or in connection with the said lands or preparations under the lessee/licensee and during such possession or control the lessee/licensee shall confirm and obey all directions given by or on behalf of the Central or State Govenment regarding the use of employment of such works, plants premises and minerals, PROVIDED THAT after compensation which shall be determined in default of agreement by the State Government shall be paid to the lessee/licensee or all loss or damage sustained by him/them by reason or in consequence of the exercise of the powers conferred by this clause and PROVIDED ALSO that the exercise of such powers shall not determine the said term hereby granted or affect the terms and provisions of these presents further than may be necessary to give effect to the provisions of this cause. The Government or the Competent Authority shall have the right to dispose of the minor mineral waste generated during the course of quarrying in accordance with the provision of Schedule 2.

Deputy Director (Min. Adm.)

20. Not to light fire in forest Areas

The lessee/licensee shall not light any fire upon the said lands if lying within the reserved forest except under such conditions as the Forest Department may in writting specify and the lessee/licensee and his/their workmen and employees shall render prompt assistance in extinguishing any fire on the said lands or in their vicinity. The lessee/licensee shall be liable for all damages resulting from fire caused by the act or omission of the lessee/licensee or his/ their employees and shall pay such compensation for Forest Department. The decision of the Forest Department as the amount of compensation payable by the lessee/licensee shall be final and binding on the lessee/licensee.

21. No right over produce other than minerals, ores mentioned in the lease/licence

(a) The lessee/licensee shall not remove any other produce except the minor mineral mentioned in this lease. The lessee/licensee shall without delay, report to the Competent Authority and the Director of Mines and Geology, the discovery in this areas, comprised in his/their lease/licence of any minerals not specified in the lease.

(b) If any mineral/s not specified in the lease/licence is/are discovered in the leased/licenced area he/they shall not win and dispose of such mineral/s, without obataining lease/licence therefore If he fails, they fail to apply for such lease/licence within three months from the discovery of the said mineral/minerals, the Competent Authority may grant a lease/licence in respect of such mineral/minerals to any other person/persons in respect of such mineral/minerals to any other person/persons.

(c) Without the prior permission of the Director of Mines and Geology the lessee/licensee shall not use the minor minerals quarried under these rules for a purposes which will classify them as major minerals.

22 . The lessee/licensee shall make available to the Government of India beryl or any other "Substance prescribed" under Section of the Atomic Energy Act (Act XXIX of 1948) if they are found to occur in the said lands.

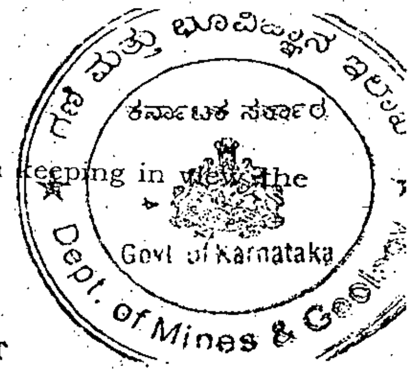

23. The State Government shall be immune from the lessee/licensee claims for damge and account or any having been included in this lease which may subsequently be discovered have not been available for the lease.

24. The lessee/licensee or his assignees shall not erect by building in contravention of the provisions of any law for the time being in force relating to the erection of buildings or in contravention of any order is issued by any officer or authority composed to issue such order any such law within whose jurisdiction the leased area is situated.

25. The lessee/licensee shall abide by such reasonable instructions and direction as may be issued by the Director of Mines and Geology from time to time regarding conservation and development of minerals.

Helh

Deputy Director (Min. Admn)
Dept. of Mines & Geology

26. The lessee/licensee shall minimise the air and water pollution keeping in view the local atmosphere/environment.

PART VIII

THE COVENANTS OF THE STATE GOVERNMENT

1. Lessee may hold and enjoy rights quietly

(1) Lessee/licensee paying the rents and royalties hereby resereved and observing and performing all the covenants and agreements herein contained and on the part of the lessee/licensee is to be observed and performed shall and may queitly hold and enjoy the rights and premises hereby demised for and during the term hereby granted without any unlawful interruption from or by the State Government, or any person rightfully claiming under it.

2. To renew

If the lesscc/licensee be desirous of taking lease/licence of the premises here by demised or of any part of them for a further term on the expiry of the term hereby granted and if he/they give the Competent Authorty an application in writing twelve months before the expiry of the leasee/licences as prescribed in the said Rules and shall pay the rents and royalties hereby reserved and shall observe and perform the several covenants and agreements herein contained and on the part of the lessee/licensee to be observed and performed upto the expiration of the term hereby granted the Competent Authority will upon his/their executing and delivering to the State Government if required a counterpart thereof execute and deliver to the lessee/licensee a reneval lease/licence of the said premises for the further term not exceeding the term of this lease/licence at such rents and royalties and no such terms and subject to such convenants and agreements including this present covenants to renew as shall be in accordance with the said Rules applicable to .... (name of minerals) on the day next following the expiration of the term hereby granted.

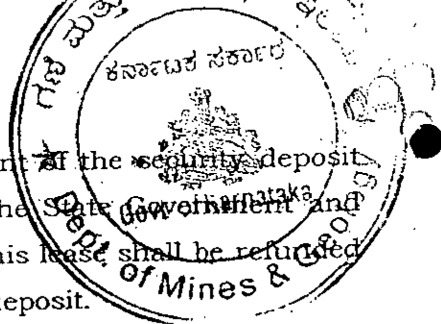

3. Liberty to surrender this lease/licence.

The lessee/licensee shall be at librety to surrender this lease/licence by giving notice of not less than three months in writing to the Competent Authority and no fresh liability shall accure to the lessee/licensee from the date of such surrender provided that all the Government dues on rents, royalties and taxes shall be declared off arising upon the date of surrender.

4. Refund of Security Deposit.

On such date as the competent Authority may within two months after the

Deputy Director (Min. Adm
Dept. of Mines & Geol

determination to this lease or of any renewal therof, the amount of the security deposit paid in respect of the lease and then remaining deposit with the State Government and not required to be applied to any of the purpose mentioned in this lease shall be refunded to the lessee/licensee. No interest shall run on the security deposit.

PART IX

GENERAL PROVISION

1. Breach of conditions.

In case of breach of any of the conditions of the lease other than mentioned in clause 2 and 3 of this part then the Competent Authority may require the lessee/licensee or his/ their assigns to pay penalty not exceeding an amount equivalent to twice the amount of the annual dead rent specified under clause I part V.

2. Obstruction to Inspection.

In case lessee/licensee or his/their assignees does/do not allow or obstruct entry or inspection by the Officers authorised by the State Govenment the Competent Authority may cancel the lease and forfiet the whole or part of the deposit made under Rule 9(1) and 21(1) of the said Rules.

3. In case lessee/licensee or his/their assignees commit any breach of any of the conditions specifies in the clauses sub rule (1) and (2) of rule 6 of the said Rule then and in any such case the Competent Authority shall give notice in writing to the lessee/licensee or his/thier or assignees as the case may be, asking him/them to remedy the breach within thirty days from the date of the notice and if the breach is not remedied within such period the Competent authority under the said Rules determine the lease provided that nothing therein contained shall debar the State Government from enforcing any other right or remedy that the State Government may have against the lessee/licensee or his/her assignees under any other provisions herein contained.

4. To pay penalty in case of breach.

In case of the breaches of the covenants and agreements by the lessee/licensee or any other officer authorised by the Government on which aforesaid notice has been given the Competent Authority under the said Rules in lieu of Giving notices, may impose such penalty appropriate in accordance with the sub-Rule (3) of Rule 6.

5. If the lessee/licensee ceases/cease to work the quarry for a continuous period of one year the lease/licence shall liable to cancellation as per the Rules.

Provided that the lease/licence shall not be cancelled. If the lessee/licensee are prevented from working the quarry owing to some reasonable cause or if the lessee/licensee ceases/ cease to work with prior permission of the Competent Authority.

Deputy Director (Min. Admn), Dept. of Mines & Geology

Interpretation.

If there is any dispute rgarding their lease/licence or any other matter or things construction of a term or condition in the lease/licence anything connected with the quarries or minor minerals specified in this lease/licence or the working or nonworking of the quarry operated under the lease/licence, the amount of payment of royalty or dead rent or its mode of payment to the Competent Authority it shall be referred to the Government whose decision shall be final and binding on the lessee/licensee.

7. Omitted.

8. Lessee/licensee to remove his properties on the expiry of lease.

The lessee/licensee having first paid and discharged the rents and royalties payable by virtue of these presents may at the expiration or sooner determination of the said terms or within three months thereafter (unless the lease/icence shall be determined under clause 1 and 2 or this PART and in that case at any time not less than three calender months after such determination), take down remove for his own benefit all or any engines, machinery plant, building structures, tramways, railways other works erection and conveniences which may have been erected set up or placed by the lessee/licensee in or upon the said lands and which the lessee/licensee is /are bound to deliver to the State Govenment under clause 18 of PART VII of this Schedule and which the State Government shall not desire to purchase.

9. Forfeiture of property left more than six months after determination of lease.

If at the end of three months after the expiration or sooner determination of the said term or after the date from which after determination of lease any surrender by the lessee/ licensee of part under the provisions contained in Clause 3 of PART VII of this Schedule become effective there shall remain or upon the said land or the surrendered part or parts thereof the case may be any engine, machinery, plant, building, structures, tramways, railways and other work, erections and conveniences or other property which are not required by the lessee/licensee in connetion with his/ their operations in these parts of the said lands which he/they has/have surrendered or in any other lands held by him/ them under quarrying lease the same shall not removed by the lessee/licensee within one calender month after notice in writing requiring their removal has been to the lessee/ licensee by the State Government be deemed to become the property of the State Government and may be sold or disposed of in such manner as the State Government shall deem fit without liability to pay compensation or to the lessee/licensee in respect thereof.

10. Service of notice.

Every notice by these present required to be given to Service notice. The lessee/licensee shall be given in writing to such person resident on the purpose of receiving such notices

Deputy Director (Min. Admn

Saganipura Street, Ward No.08,
Chikkamagaluru Taluk
Chikamagaluru District-577101

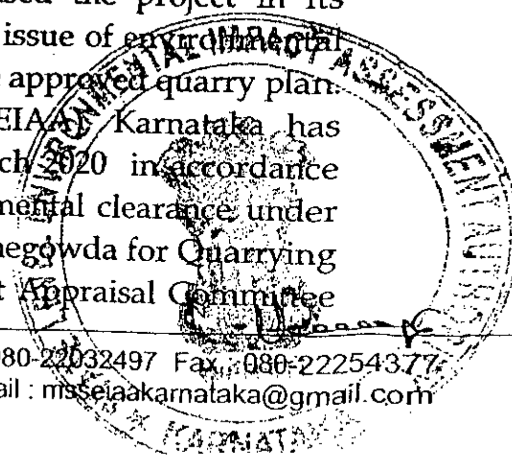

Sir,

Sub: Quarrying of Building Stone (M- Sand) at Sy. No. 188 (P) of Marle Village, Chikkamagaluru Taluk & District, Karnataka by Sri. K.S. Shanthegowda - Issue of Environmental Clearance - Reg.

*****

This has reference to your online application bearing proposal No.SIA/KA/MIN/133717/2019 received on 1st January 2020 to SEIAA, Karnataka on the subject mentioned above. It has been noted that the proposal is for grant of Environmental Clearance under the provisions of EIA Notification, 2006, for Quarrying of Building Stone (M- Sand). The total quarry lease area of the project is 10-00 Acres, which is a Govt. Land. Out of 10-00 Acres of area, 7-10 Acres area is for quarrying, 0-05 Acres area is for Waste dumping area, 0-10 Acres area is for Mineral Storage, 0-15 Acres area is for Roads, 0-05 Acres area is for Infrastructure, 1-35 Acres area is for Safety zone. Working will be Open cast and Semi mechanized method. The water requirement for the project is 14 KLD will be met from Borewell. During the quarrying operation about 45,920 Tonnes of waste rock will be handled for a period of five years. The Senior Geologist, Department of Mines and Geology, Chikkamagaluru District has approved Quarrying plan on 09th October 2019. The capital cost of the project is about Rs. 85 Lakhs. It is reported that the lease area do not attract General Conditions specified in the EIA Notification, 2006 and the amendments made there on.

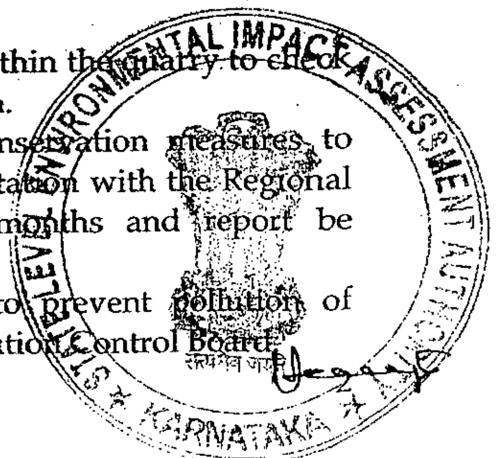

The State Expert Appraisal Committee (SEAC) appraised the project in its meetings held on 12th February 2020 and recommended for issue of environmental clearance for extraction of 90% of the quantity proposed in the approved quarry plan. The State Environment Impact Assessment Authority (SEIAA), Karnataka has considered the application in their meeting held on 6th March 2020 in accordance with the EIA Notification 2006 and hereby accords environmental clearance under the provisions thereof to the above mentioned Sri. K.S. Shanthegowda for Quarrying of Building Stone (M-Sand) as recommended by State Expert Appraisal Committee

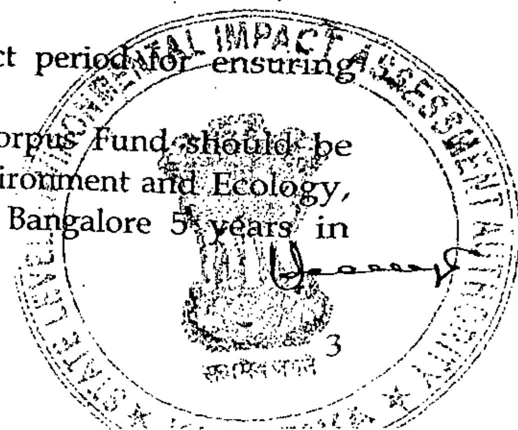

(SEAC) for production capacities of 4,50,014 Tonnes per Annum for a period of five years by Open cast other than fully mechanised method involving quarry lease area of 10-00 Acres subject to implementation of the following conditions and environmental safeguards.

A. SPECIFIC CONDITIONS:

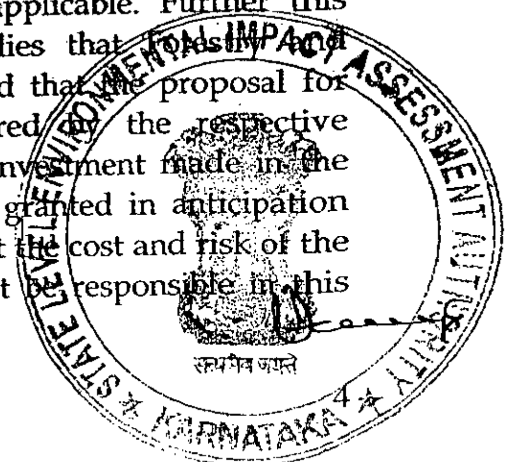

1. Validity of this Environmental Clearance is co-terminous with the lease period or 5 years from the date of issue Environment Clearance letter, whichever is earlier.
2. Quarry plan approved by the Department of Mines and Geology shall be strictly implemented and shall not be operated beyond the validity period of the approved quarry plan.
3. Baseline data on health profile of each of the workers shall be maintained.
4. PAs should get the health checkup done for the quarry workers on quarterly basis and submit report periodically.
5. The SEIAA, Karnataka reserves the right to withdraw the environmental clearance subject to any change in the quarrying policy by the State Government as may be applicable to this project.
6. Quarrying shall be undertaken strictly in accordance with provisions of MM (D&R) Act 1957 / KMMC RULES-1994.
7. All the conditions stipulated in the Consent for establishment issued (If applicable) by the Karnataka State Pollution Control Board should be effectively implemented.
8. The quarrying operations shall not intersect ground water table. Prior approval of the SEIAA / Ministry of Environment & Forests and Central Ground Water Authority shall be obtained for quarrying below water table.
9. The topsoil if any should be stacked at earmarked site only and should not be kept unutilized for a period more than 3 years. The topsoil should be used for reclamation and plantation.
10. Waste rock shall be stacked at earmarked site (s) only. The maximum height of the stack should not exceed 10m duly providing suitable terraces. The overall slope of the dump shall not exceed 27°. A retention wall shall be built around the waste rock dump to prevent sliding.
11. Catch drains and siltation ponds of appropriate size should be constructed to arrest silt and sediment flows from quarry working area and rock dumps. The water so collected should be utilized for watering the haulage area, roads, green belt development etc., the drains should be regularly de-silted particularly after monsoon and maintained properly.
12. Dimension of the retaining wall at the toe of dumps within the quarry to check run off and siltation should be based on the rainfall data.
13. The project authority should implement suitable conservation measures to augment ground water resources in the area in consultation with the Regional Director, Central Ground Water Board within 3 months and report be submitted to the Authority.
14. Appropriate mitigation measures should be taken to prevent pollution of nearby water bodies in consultation with the State Pollution Control Board.

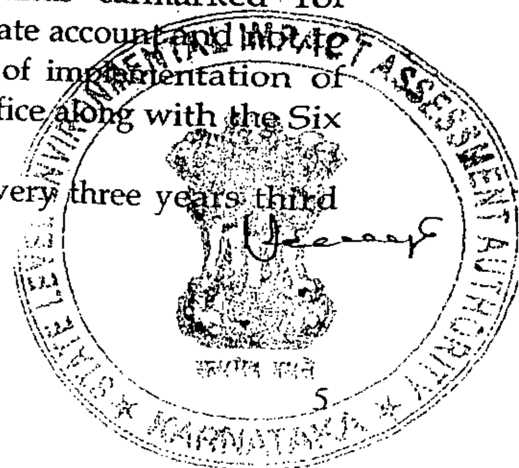

15. The project proponent shall submit commitment from the competent authority for drawl of requisite quantity of water for the project before starting work on the project.
16. Suitable rainwater harvesting measures on long-term shall be planned and implemented in consultation with Regional Director, Central Ground Water Board for complete rain water harvesting by constructing check dams/converting quarried pits to rain water harvesting ponds.
17. Vehicular emissions should be kept under control and regularly monitored. Measures shall be taken for maintenance of vehicles used in quarrying operations and in transportation of blocks.
18. Digital processing of the entire lease area using remote sensing technique should be done regularly once in three years for monitoring land use pattern and report submitted to SEIAA Karnataka, Department of Environment and Ecology, Govt. of Karnataka and the APCCF, Regional Office, MoEF, Bangalore.
19. This environmental clearance does not confer any right to the proponent on the land proposed for quarrying until and unless quarry lease and all other statutory clearance are obtained from the respective department/agencies.
20. The project authorities should undertake sample survey to generate data on pre-project community health status within a radius of 1 km from proposed quarry.
21. Consent to operate if applicable shall be obtained from State Pollution Control Board prior to start of production from the quarry.
22. Proper sanitary facilities should be installed for the colony/work place. Domestic waste generated should be disposed in a scientific manner. Proper first aid facilities and health care facilities should be provided for the labourers.
23. The project proponent shall take all precautionary measures during quarrying operation for conservation and protection of endangered fauna spotted in the study area. Action plan for conservation of flora and fauna shall be prepared and implemented in consultation with the State Forest and Wildlife Department. The proponent shall contribute towards the cost of implementation of the plan and / or Regional Wildlife Management Plan for conservation of wild life. The amount so contributed shall be included in the project cost. A copy of the action plan may be submitted to the SEIAA, Department of Environment and Ecology, Govt. of Karnataka, and the Regional Office, MoEF, Bangalore within 3 months.
24. The project proponent shall delineate Quarry Closure Plan/ exit protocol to rehabilitate the quarried out land to match its surrounding land use including removal, storage and reuse of waste rock from quarry area to cover reclaimed area. Post Quarry Land Use Plan with rehabilitation of quarried out area (with Plan and Section) provided and submit to SEIAA.
25. Plantation monitoring programme during post project period for ensuring survival and growth rate of plantation in reclaimed area.
26. A Final Quarry Closure Plan along with details of Corpus Fund should be submitted to the SEIAA Karnataka, Department of Environment and Ecology, Govt. of Karnataka and the Regional Office, MoEF, Bangalore 5 years in advance of final quarry closure for approval.

27. Retention walls should be a minimum of 2.5 mtr height with base of 3 mtr.
28. Check dams and gully plugs along the smaller streamlets in the area, should be constructed to arrest the loose soil flow from the quarry area.
29. Particulars of dimensioned block production and dispatch shall be provided by the quarry owner yearly.
30. The infrastructure of transport roads should be improved collectively by the quarry owners of the area.
31. Link road from quarry site to main road shall be maintained and black topped by the project proponent.
32. The quarry lease area to be properly demarcated using the lat-long coordinates and duly erecting 4 feet concrete/granite pillars on the ground.
33. No quarrying shall be undertaken outside the lease area.
34. The project Authorities shall maintain a margin of 7.5 meters along the lease boundary except in case where common boundary working permission is obtained from the competent authority.
35. The project authorities shall also earmark at least 5 % of the total turnover of the project towards the corporate social responsibility and item-wise details along with time bound action plan shall be prepared and submitted to the Authority.
36. The project authority shall ensure that the quarry pits are well protected erecting a compound wall of stone masonry of appropriate height conforming to safety norms.
37. The project authority shall avoid stagnation of water in the quarry pits which would turn out to be mosquito breeding centers resulting in spreading of diseases such as malaria, dengue, etc.
38. The project proponent shall prevent damage to adjoining land, from fire due to activities during quarrying operation.
39. Haulage approach road should not be through village till the main road is reached.
40. The project authorities shall get the annual health checkup of quarry workers as well as people in the nearest vicinity of the quarry for respiratory diseases such as silicosis and maintain records. Appropriate care shall be taken for remedy in case of prevalence of such health disorders.
41. Clearance/NOC from the competent authority shall be obtained for transportation of water by tankers in order to avoid hardship to the competitive users
42. This Environmental Clearance is granted subject to obtaining prior clearance from Forestry and Wild Life angle including clearance from the Standing Committee of the National Board for Wildlife as applicable. Further this Environmental Clearance does not necessarily implies that Forestry and Wildlife Clearance shall be granted to the project and that the proposal for Forestry and Wildlife Clearance shall be considered by the respective Authorities on their merits and decision taken. The investment made in the project if any based on Environmental Clearance so granted in anticipation from the forestry and wild life angle shall be entirely at the cost and risk of the project proponent and the SEIAA-Karnataka shall not be responsible in this regard in any manner.

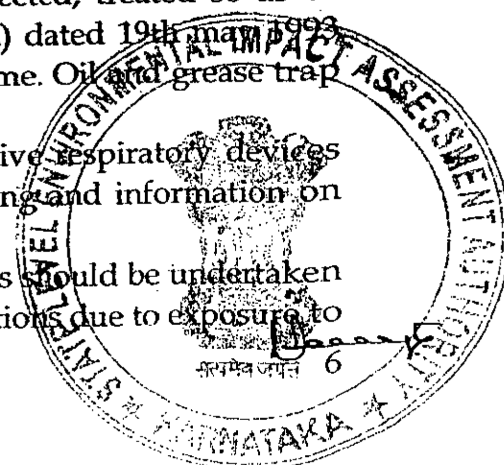

43. Solid waste/hazardous waste generated in the mines/quarry needs to addressed in accordance to the Solid Waste Management Rules, 2016 / Hazardous & Other Waste Management Rules, 2016
44. Ambient air quality monitoring stations as prescribed in the statue be established for monitoring of pollutants, namely PM_{10}, $PM_{2.5}$, SO_2 and NOx. Location of the stations shall be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive targets in consultation with the State Pollution Control Board wherever applicable.
45. Regular monitoring of ground water level and quality shall be carried out in and around the mine/quarry lease area by establishing a network of existing wells and constructing new piezometers during the Quarrying operations. The monitoring of ground water levels shall be carried out four times a year i.e. pre-monsoon, monsoon, post-monsoon and winter. The ground water quality shall be monitored once a year, and the data thus collected shall be sent regularly to MoEF&CC/RO.
46. Monitoring of water quality upstream and downstream of water bodies shall be carried out once in six months and record of monitoring data shall be maintained and submitted to the Ministry of Environment, Forest and Climate Change/Regional Office
47. Controlled blasting techniques shall be practiced in order to mitigate ground vibrations, fly rocks, noise and air blast etc., as per the guidelines prescribed by the DGMS.
48. The noise level survey shall be carried out as per the prescribed guidelines to assess noise exposure of the workmen at vulnerable points in the mine premises, and report in this regard shall be submitted to the Ministry/RO on six-monthly basis.
49. The company / project proponent shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company / Project proponent shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
50. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report
51. Self-environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

52. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
53. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
54. The project authorities shall inform to the Regional Office of the MoEF&CC regarding commencement of Quarrying operations.
55. No further expansion or modifications in the project shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC)/ SEIAA, Karnataka.
56. The Project Proponent shall comply with provision contained in OM vide F.No. 22-65/2017-IA.III Dated 1st May 2018 , of the Ministry of Environment, Forest and Climate Change as applicable, regarding Corporate Environment Responsibility and shall execute the action plan with a total cost of minimum of Rs. 44 Lakhs for rejuvenation of Marle Kere ,as submitted vide letter dated on 14/05/2020.
57. **Safe drinking water has to be provided at the quarry site.**
58. **Dust suppression measures have to be strictly followed.**

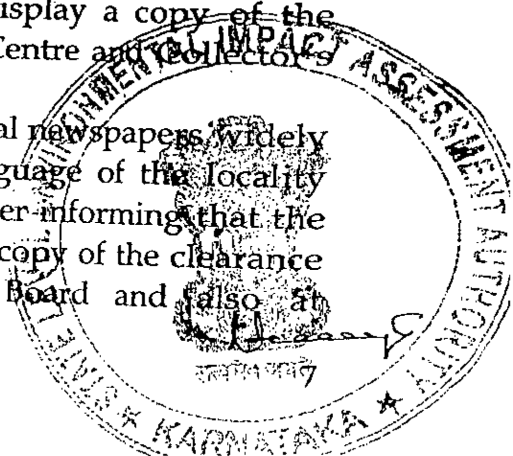

B. GENERAL CONDITIONS

1. No change in quarrying technology and scope of working should be made without prior approval of the SEIAA Karnataka.
2. No change in the calendar plan including excavation, quantum of mineral and waste should be made.
3. It shall be ensured that the Ambient Air Quality parameters conform to the norms prescribed by the MoEF, Govt. of India, New Delhi.
4. Data on ambient air quality (PM_{10}, $PM_{2.5}$, SO_2, NO_x) should be regularly submitted to the SEIAA Karnataka and the Regional Office, MoEF, Bangalore and the State Pollution Control Board / Central Pollution Control Board once in six months.
5. Fugitive dust emission from all the sources should be controlled regularly. Water spray arrangement on haul roads, loading and unloading and at transfer points should be provided and properly maintained.
6. Measures should be taken for control of noise levels below 85 dBA in the work environment. Workers engaged in operations of HEMM, etc should be provided with earplugs / muffs.
7. Waste water from the quarry should be properly collected, treated so as to conform to the standards prescribed under GSR 422 (E) dated 19th may 1993 and 31st December, 1993 or as amended from time to time. Oil and grease trap shall be installed before discharge of effluents.
8. Personnel working in dusty areas should wear protective respiratory devices and they should also be provided with adequate training and information on safety and health aspects.
9. Occupational health surveillance program of the workers should be undertaken periodically i.e. once in 3 months to observe any contractions due to exposure to

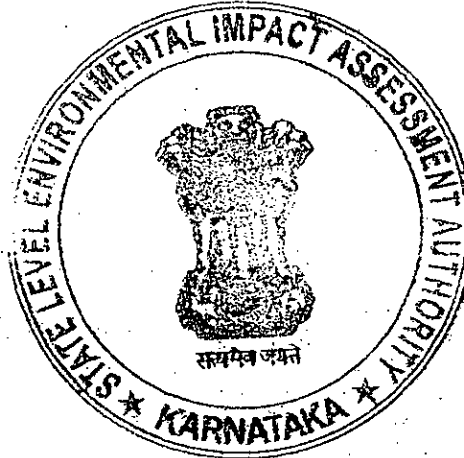

dust and take corrective measures, if needed. Quarterly report in this regard should be submitted to the Department of Environment and Ecology, Govt. of Karnataka and the Karnataka State Pollution Control Board and the Regional Office, MoEF, Bangalore.

10. A separate environmental management cell with suitable qualified personnel shall be set-up under the control of a Senior Executive, who will report directly to the Head of the organization. The Environment management committee should be constituted with one of the member representing nearby village.
11. The funds earmarked for environmental protection measures should be kept in separate account and should not be diverted for other purpose. Year wise expenditure should be reported to the SEIAA Karnataka, the Department of Environment and Ecology, Govt. of Karnataka, and Ecology, Government of Karnataka, and the Regional Office, MoEF, Bangalore.
12. The project authorities should inform the SEIAA Karnataka, Department of Environment and Ecology, Govt. of Karnataka, and the Regional Office, MoEF, Bangalore regarding date of financial closures and final approval of the project by the concerned authorities and the date of start of land development work.
13. The APCCF, Regional Office of MoEF, Bengaluru; the Department of Environment and Ecology, Govt. of Karnataka and the Karnataka State Pollution Control Board shall monitor compliance of the stipulated conditions. The project authorities should extend full co-operation to the Officer (S) of these offices by furnishing the requisite data / information / monitoring reports.
14. The project proponent shall submit six monthly report on the status of the implementation of the stipulated environmental safeguards to the SEIAA Karnataka, Department of Environment and Ecology, Government of Karnataka and the APCCF, Regional Office, MoEF, Bengaluru; the Central Pollution Control Board and the Karnataka State Pollution Control Board.
15. The Half Yearly Compliance Reports (HYCRs) with its contents of a covering letter, compliance reports, and environmental monitoring data has to be in PDF format merged into a single document. The email should clearly mention the name of project, EC No. & date, period of submission and to be sent to the Regional Office of MOEF&CC by email only at email ID rosz.bng-mefcc@gov.in Hard copy of HYCRs shall not be acceptable.
16. A copy of the clearance letter will be marked to the concerned Panchayath. Local NGO, if any, from whom suggestion / representation has been received while processing the proposal.
17. The project proponent should display the conditions prominently at the entrance of the project on a big panel board for the information of the public.
18. The Karnataka State Pollution Control Board should display a copy of the clearance letter at the Regional office, District Industry Centre and Collector's office/ Tehsildar's office for 30 days.
19. The project authorities should advertise at least in two local newspapers widely circulated, one of which shall be in the vernacular language of the locality concerned, within 7 days of the issue of the clearance letter informing that the project has been accorded environmental clearance and a copy of the clearance letter is available with the State Pollution Control Board and also at

http://environmentclearance.nic.in website of the MoEF&CC and http://seiaa.karnataka.gov.in website of SEIAA, Karnataka. A copy of the same should be forwarded to the Department of Environment and Ecology, Government of Karnataka and the Regional Office, MoEF&CC, Bangalore.

20. Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environmental (Protection) Act, 1986.
21. Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
22. The SEIAA or any other competent authority may alter / modify the above conditions or stipulate any further condition in the interest of environment protection.
23. Failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986.
24. The above conditions will be enforced inter-alia, under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and the Public Liability Insurance Act, 1991 along with their amendments and rules made there under.

Yours faithfully,

(Vijayakumar Gogi)
Member Secretary,

Liberty and power for or in connection with any of the purposes mentioned in this to erect, construct and maintain and use on or under the said lands any engines, machinery, plant dressing floors furnaces, coke ovens, brick- kilns work-shops, store-houses, bungalows, godowns, sheds and other Buildings and other works and conveniences of the like nature or under said lands,

4. To make roads and ways etc., and use existing roads and ways.,

Liberty and power for or in connections with any of the purposes mentioned in this part to make any tramways, railways roads and other ways in or over the said lands and to use, maintain and go and repass with or wihout horses, cattle, wagons, locomotives or other vehicles over the same (or any existing tramways, railways, road and other ways in a (over the said lands) on such conditions may be agreed to.

5. To get building and road materials,etc.,

5. **Liberty and powers** for or in connections with any of the **purposes mentioned** in this part to quarry and get, ordinary Building stone and gravel and other building and road materials (except that of specified minor minerals) and ordinary clay and to use and employ the same and to manufacture such ordinary clay into bricks or tiles and to use such bricks or tiles but not to sell any such material, bricks or tiles on payments or royalties prescribed in the said rules.

(Bracketed portion to be deleted in cases the lease/licence in for specified minor mineral).

6. To use water from streams etc.,

Liberty and power for in connection with any of the purposes mentioned in this part but subject to the rights of any existing or future lessee/ licensee and with the written permission .... (any officer authorised by the State Government in that behalf) to appropriate use of water from any streams, water-courses, springs or other sources in or upon the said lands and divert, step up or dam any such streams or water-course and collect or impound any such water and to make, construct and maintain any water course, culverts, drains or reservoirs but not as to deprive any cultivated lands, villages, building, or watering places for livestock of a reasonable supply or water as before accustomed nor in any way to foul or pollute any stream or springs. Provided that the lessee/licensee shall not interfere with the navigation in any navigable streams, nor shall divert such streams, without the previous written permission of the State Government.

Deputy Director (Min. Admn)
Dept. of Mines & Geology
Bangalore-560001

7. To use for stacking heaping or depositing purposes

Liberty and power to enter upon and use a sufficient part of surface of said lands for the purpose of stacking, heaping thereon any produce of the mines, quarries or works carried on and any equipment, earth and materials and substances dug or raised under the liberties and powers mentioned in this part.

8. **Benefication and carrying away**

Liberty and power to enter upon and use a sufficient part of the said land to benificiate, process, dress convert the said Minerals, produced from the said lands and to carry away such benificiated/processed, dressed, converted mineral/minerals.

9. **To clear brush-wood and to fell utilise trees etc.**

Liberty and power for or in connection with any of the purpose mentioned in this part to fell and use any timber or trees or brush wood now standing which hereafter may be standing upon the reserved forest land, included within said lands, provided that not more than .... square metres or such reserved forest land shall be cleared in any one year nor the same place of tender than once in every year and provided that, the previous permission in writing from the Forest Department and forest Department is obtained which permission shall be granted by the Forest Department under time to time for an area, not exceeding .... acres at a time on written application of the lessees/licensees to the effect that the lessees/licensees requires/ require the additional area for bona fide also immediate extention of quarrying operation under this lease/ licence and provided also that the exercice of the liberty and power expressed in this clause shall be subject to the observance of the terms and conditions contained in the other part of this schedule.

PART III

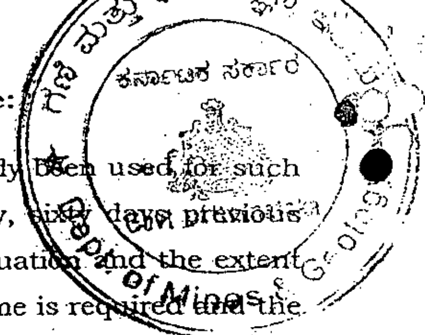

RESTRICTIONS AND CONDITIONS AS TO THE EXERCISE OF THE LIBERTIES POWER AND PRIVILEGES IN PART II

1. **No building etc., upon certain places.**

No building or thing shall be erected, set up, placed and no surface operations shall be carried on in or upon any public pleasure ground, burning or burial ground or place held sacred by any class of persons or any house or village site, public road or other place with the State government may determine as public ground nor in such manner as to injure or prejudicially affect any building work, property or rights of other persons and no land shall be used for surface operations which is already occupied by persons other than the Government for works or purposes not included in this lease/licence. They shall also not interfere with any right of away, well or tank.

6533-2

Deputy Director (Min. Admn)
Dept. of Mines & Geology

2. permission for surface operations in a land not already in use:

Before using for surface operations any land which has not already been used for such operations the lessee/licensee shall give to the Competent Authority, sixty days previous notice in writing specifying the name or other designation of the situation and the extent of the land proposed to be so used and the purpose for which the same is required and the said land shall not be used if objection is issued by the competent authority within one month after the receipt by him of such notice unless the objections so stated shall on references to the State Government be annulled or waived.

3. To cut trees in the unreserved lands.

(a) The lessee/licensee shall not cut or injure any tree in the leased/licenced areas without the previous sanction in writing of the Competent Authority.

(b) Notwithstanding anything contained in sub-clause (a) the lessee/ licensee shall not cut or injure any tree in leased/ licensed area falling within reserved/protected forest without the previous permission in writing from the Forest Department or the Office authorised by the Forest Department in this behalf.

4. Permission for surface operations in a land not already in use:

Save as provided in clause 9 part II of this schedule, the lessees/licensees shall not without the previous sanction from the Forest Department cutdown or injure any timber or trees on the said but, may, without such sanction clear away any brush-wood or under-growth which interferes with any operations authorised by these presents and notwithstanding anything contained in this shedule shall not enter upon any reserved forest included in the said lands without seven days previous notice in writing to the Forest Department or the officer authorised by the Forest Department.

5. No mining operations within 50 meters of public works etc.

The lessee/licensee shall not work or carry on allow to be worked or carried on any quarrying operations at or to any point within a distance of 50 meters if no blasting is involved from the boundary of any railway line except with the previous written permission of the Railway administrative concerned or from the boundaries or reservoir canal, hightention electric line or other public works. or buildings or inhabited site except with the previous permission of Government or any other officer authorised by the Government in this behalf and otherwise than in accordance with such instructions, restrictions and conditions and either general or special which may be attached to such permission. The said distances of 50 metres or 200 metres shall be measured in the case of railway Reservior or canal horizontally from the outer to of the bank of the outer edge of the cutting as the case may be and of building horizontally from the plinth therof.

Deputy Director (Min. Admn)
Dept. of Mines & Geology

6. Facilities for adjoining Government licences and leases

The lessee/licensee shall allow existing and future holders of Government licences or leases over any land which is comprised in or adjoins or is reached by the land sheld by the lessee/ licensee reasonable facilities of access thereto. Provided that no substantial hindrance or interfernce shall be caused by such holder of licences or leases to the operations of the lessee/licensee under these presents and the lessee/licensee shall be entitled to compensation as may be mutually agreed upon between the lessee/licensee and such holders and in events of disagreement such fair compensation may be determined by the Competent Authority or any other officer authorised by the State Government in respect of all loss or damage sustained by the lessee/ licensee by reason of or the exercise of this liberty.

7. if the said lands or part thereof are forest lands the lessees/ licensees shall take all steps to ease the slopes and restore top soil in lands worked out, exploited or mined and it shall be open to the Government to afforest such lands even during existence of the lease.

PART IV

LIBERTIES, POWERS AND PRIVILEGES RESERVED TO THE STATE GOVERNMENT

1. To work other minerals.

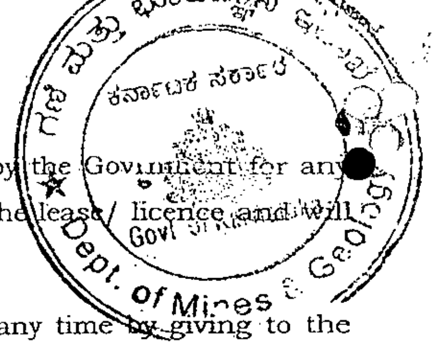

Liberty and power for the State Government or any lessee/licensee or persons authorised by it in that behalf to enter into and upon the said lands and to search for win, work, dig, get, raise, dress, process, convert and carry away any minerals other than said minerals and any other substances and for those purposes to sink, drive, make. erect, construct, maintain and use such pits, shafts inclines drifts, levels and other lines, waterways, airways, water courses, drains reservoirs engines machinery. plant buildings canals, tramways, railways and other work and conveniences as may be deemed necessary or convenient. Provided that in the exercise of such liberty and power no substantial hindrance or interference shall be caused to with the liberties powers and privileges of the lessee/licensee under these presents and that the lessee/licensee shall be entitled to such fair compensation as may be mutually agree upon or in the event or disagreement as may be determined by the Competent Authority appointed by the State Goverment in respect of all loss or damage sustained by the lessee/licensee by reason or in consequences. of the exercise of such liberty and power.

2. To make railways and roads.

Liberty and power to the State Government or Central Government of construct any road, railways or canal reservoir or to carry electric or telephone lines in or over the lands under the lease/licence is reserved.

Provided that before such liberty or power is exercised a notice of not less than thirty

Deputy Director (Min. Admn)

days shall be given to the lessee/licensee and the area utilised by the Government for any of the aforesaid purpose shall be excluded from the area under the lease/ licence and will not be entitled to claim any compensation for such exclusion.

3. Liberty and power to the State Government to determine, at any time by giving to the lessee/licensee a notice in writing the lease /licence if the area for which the lease/licence has been granted or any part therof is required by the State Government for any public purpose and a declaration under the signature of the Director that the area, or as the case may be, the part of the area is so required shall, as between the lessee/licensee and the Government, be conclusive.

On the determination of the lease/licence under this power the area under the lease/ licence shall be resumed by the Government and the lessee/licensee shall be paid such compensation as may be determined by an officer appointed by the Government for the purpose and in assessing the amount of compensation, the officer so appointed shall be guided by the principles laid down in the Acquisition Act, 1894, for such assessment.

PART V

RENT AND ROYALTIES RESERVED BY THE LEASE

1. Rate and mode of payment of dead Rent

As from the day of 03-07-2020 200 . during the subsitance of lease/licence, the lessee/licensee shall pay the dead rent in advance at Rs 35000/- per Acre per annum as per Schedule I in accordance with Rules.

2. Rate of mode of payment of royalty

The lessee/licensee shall pay royalty in advance to Government in respect of minor minerals removed or consumed by him or his agent, manager employee, contractor or buyer at the rates prescribed Schedule 2 in accordance with the Rules.

3. Mineral Despatch Permits.

The lessee/ licensee or his agents, managers, employees, contractors or buyers/ consumers shall not move the mineral quarried without obtaining valid Mineral despatch Permit (in short PERMIT) issued by the Competent. Authority may order for determination of the lease/licence with the prior approval of the Controlling Athority.

4. Penalty

Subject to the provision of clause (3) of this part, any lessee/licensee or his agents, managers, employees, contractors consumers or buyers contravening the above clause and transport mineral without valid PERMIT, such persons will be liable for penalty at 5 times of royalty,if any lessee/licensee or his agent etc., or buyers continue to indulge in such

Deputy Director (Min. Admn)
Dept. of Mines & Geology

offence the Competent Authority May order for determination of the lease/licence with the prior approval of the controlling Authority.

PART VI

PROVISIONS RELATING TO THE RENTS AND ROYALTIES

1.Rent and Royalties to be free deduction etc.,

The rents and royalties in PART V of this Schedule shall be paid from any deductions the State Government at District- Sub Treasury at .Chikka magalure and in such manner as the Competent Authority may prescribe.

2. Mode of Computation of Royalty

For the purpose of computing the said royalties the lessee/licensee shall Keep a correct account of the mineral/ minerals actually produced from the quarries/ mines, Lands and despatched from the quarry and maintained stock, in the from prescribed by Government/ competent Authority. The lessee/ licensee shall also Keep a correct account of the number of persons employed therein and shall also maintained a complete set of plans and cross sections of the quarry and furnish to the Competent Authority concerned such information, reports and returns as required from time to time under these Rules together with representative samples of minerals and processed materials from the same obtained during the operations. The accounts as well as quantity (in volume or in weight as the case may be) of the mineral/minerals in stock or in the process of despatch from the quarry may be checked by any officer authorised by the State Govenment and or by the Competent Authority.

3. Course of action if rents and royalties are not paid in time.

Should the royalty and/or rent reserved and made payable by the lessee/licensee is not paid within thirty days after the date fixed in lease/licence for the payment of the same. State Government may enter upon the premises and restrain all or any of the mineral or beneficiated/processed or movable property there and may order the sale of the property to restrained or so much of it as will suffice of the satisfaction of the rent and royalties due, and all cost and expenses occasioned by the non-payment thereof.

3A. if the lessee or licence makes any default in the payment of royalty or dead rent payable under rule 26, the competent authority shall give notice to such lessee or licences, requiring him to pay the royalty or dead rent within sixty days from the date of receipt to the notice.failing which the competent authority may, without prejudice to any other action that may be taken against lessee or licence the lease or licensee or forfeit the whole or part of the Security Deposit.

4. Any rent,royalty tax fees, penalty or other sums due to Government under said Rules

Director (Min. Admn)

of under this lease/licence shall be recovered as arrears of land revenue on the basis of certificate issued by the Competent Authority.

PART VII

THE COVENANTS OF THE LESSEES/LICENSEES

1. Lessees to pay rents, royalties.

(1) The lessee/ licensee shall pay the rents and royalties reserved by this lease/licence at such times and in the manner provided in PART V and VI of these presents and also may and discharge all taxes, cesses, rates assessments and impositions whatsoever being in the nature of public demands which shall from time to time charged, assessed or imposed by the authority of the State Govrnment upon or in respect of the premises and works of the lessee/lessee in common with other premises and works of alike nature except demands for land revenue.

2. To maintain and Keep boundary marks in good order.

The lessee/licensee shall at his own expense erect and at all times maintain and Keep in repair boundary marks and pillars according to the demarcation to be shown in the plan annexed to this lease/licence. Such marks order and pillars shall be sufficiently clear of the shrubs and other obstructions as to allow easy identifications.

3. To commence operations within a year and work in a workman like manner

Unless the Competent Authority for good cause permits otherwise the lessee/licecsee shall commence operation within a year from the date of execution of the lease/licence and shall thereafter at all times during the continuance of this lease licence search for, win, work and develop the said minerals without voluntary intermission in proper skilful and workman like manner without doing or permitting to be done any unnecessary or avoidable damage the surface of the said lands or the crops, buildings or other property thereon. The lessee/ licensee shall prevent waste by removal of over burden careful storage of waste, drainage and removal of valuable minerals. For the purpose of this clause quarrying operations shall include the erection of machinery, laying of a tramway or construction of a road in connection with the quarry, The lessee/licensee shall not dump the overburden or waste rock or mineral on the workable deposit. if lessee/ licensee does not find suitable place to dump the waste mineral generated from the quarry within the leased/licenced area he may dump in nearly Government land obataining prior approval from Competent Authority writing.

4. To indemnify Government against all claims.

The lessee/licensee shall make and pay such reasonable compensation as may be assessed by lawful authority in accordance with the law in force on the Subject for all

Deputy Director (Min. Admn)
Dept. of Mines & Geology

damage, injury or disturbance which may be done by him in exercise of the powers granted by this lease/licence and shall indemnity and Keep indemnified fully and completely. State Government aganist all claims which may be made by any person in respect of any such damage, injury or disturbance and all costs and expenses in connection therewith.

5. To secure and Keep in good condition pits shafts etc.,

The lessee/licensee shall during the substance of this lease/licence well and sufficiently secure and Keep open with timber or other durable means all pits shafts and make and maintain sufficient fences to the satisfaction of the State Government round every such pit, shaft or working in the said lands, except such as may be abondened accessible free from water and foul air as far as possible. The lessee/licensee shall also take adequate steps to ensure that:

(a) Height and widths of trenches in open quarries are properly maintained to facilitate easy removal of the mineral and the muck.

(b) The working faces are always Kept clean.

(c) The mineral and or benificiated, processed, dressed products there from won are staked in suitable dimensions and each such stock is numbered or marked in a manner prescribed by the Competent Authority

(d) The proper sanitation of the area leased/licenced to him maintained.

6. To strengthen and support the quarry to necessary extent.

The lessee/licensee shall strengthen and suport to the satisfaction of the Railways administration concerned or the State Government or any other Competent Autority controlling the provisions or the any law for the time being in force relating to the working of quarries and matters affecting safety health and labour matter as the case may be any part of the quarry which in its opinion requires such strengthening of suport for the safety of any railway, reservoirs, canal, road, high tension electric line and other public works or structures.

7. (1) The lessees/licensee shall submit from time to time or when required progress reports to the Director of Mines and Geology, along with analysis and representative sample of the minerals collected during the quarrying operations as also the periodical returns prescribed in the said Rules or in manner prescribed by him from time to time.

(2) The lessee/licensee shall submit to the Director of Mines and Geology. the Competent Authority and any other officer as may be specified by the Director of mines and Geology in the behalf, quarterly returns in FORM-Q and annual retruns in FORM.Y appended to the said rules, for each financial year ending 31st march, before the 30th April of the Succeeding year, and to allow inspection of working.

Deputy Director (Min. Admn)
Dept. of Mines & Geology

8. **To allow inspection of working.**

The lessee/licensee shall allow any officer authorised by the Central Government or the State Government or the Competent Authority or the Director of Mines and Geology under the Rules in the behalf to enter upon the premises including any building excavation or land comprised in the lease/licence for the purpose of inspecting, examining, surveying and making plans thereof. sampling and collecting any data and the lessee/licensee shall with proper person employed by the lessee/licensee and acquainted with the mine/quarry and works effectively assist such officer agents servants and workmen in conducting every such inspection and shall afford them all facilities, information connected with the working of the quarry which they may reasonably require. Such officer may issue such reasonable directions as he may deem fit to prevent wasteful extraction of minerals and it shall be the duty of the lessee/licensee, his/ their agent/manager to carry out directions within such period as the officer may specify if the lessee/licensee, his/their agent or management fails to carryout such directions within the specified period, the Competent Authority may detemine the lease/licence or may impose a penalty not exceeding twice the amount of the annual dead rent.

9. **To report accidents.**

The lessee/licensee shall report all accidents to the Director of Mines and Geology the District magistrate and the District Superintendent of Police concerned, in case of any accident causing death or serious bodily injury or serious injury to property or seriously affecting or endangering life or property which may occur in the course of the operations under this lease/licence the lessee/licensee shall send a complete report without any delay of such an accident to the said officers.

10. **To report discovery of other minerals.**

Whenever the lessee/licensee shall find, in the said lands. any mineral other than the said mineral/minerals the lessee/licensee shall immediately report such discovery in writing to the Competent Authority with full particulars of the nature and position of each such find.

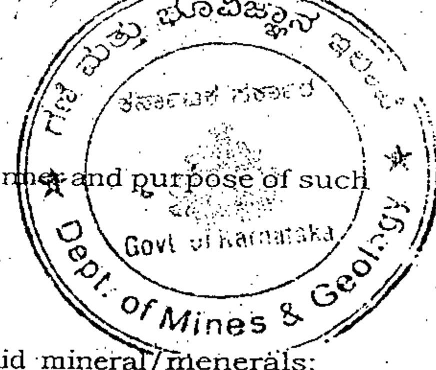

11. The lessee/licensee shall, at all times, during the said term Keep or cause to be Kept, at an officer to be situated upon or near the sid lands, correct and intelligable books of accounts which shall contain entries, showing from time to time.

(1) Quantity and quality of the said mineral/minerals realised from the said lands.

(2) Quantity of the various qualities of the said mineral/minerals beneficiated, processed or converted.

(3) Quantities of the various quantities of the said mineral/minerals sold at the quarry head or despatched to any mineral processing units, granite cutting and polishing

Deputy Director (Min. Admn)
Dept. of Mines & Geology

units within the country and quantity exported and the manner and purpose of such sale and disposal :

(4) Detail of royalty paid and PERMITS obtained.

(5) The prices and all other particulars of all sale of the said mineral/menerals;

(6) The number of persons employed in the mines or work or upon the said lands specifying nationality, qualifications and pay of the technical personnel.

(7) Such other facts, particulars and circumstances as the Competent Authority or the Director of Mines and Geology may from time to time require and shall also furnish of charge to such offices and at such times they may prescribe true and correct abstracts of all or any such books of accounts and shall at all reasonable times allow such officers or any officers at the State Government shall , in the behalf appoint, to enter into have free access to, for the purpose of examining and inspecting the said books of accounts and to make copies thereof and to make extracts there from.

12. To maintain plans etc.,

the lessee/licensee shall at all times during the said term maintain at the quarry officer correct, intelligible. Up-to-date and complete Contour and Geologoical plans and cross sections of the quarries in the said lands. They shall show all the operations, workings and all the trenches, pits and drilling made by the lessee/licensee in the course of operations carried on by him/them under the lease/licence. The lessee/licensee shall update such quarry plans and section at the end of each year or any period specified from time to time and the leseee/licensee shall furnish free of charge such plans sections and mineral specimens, to the Competent Authority whenever these required. Accurate records of trenches pits and drilling shall show:-

(a) The sub-soil and strata through which they pass.

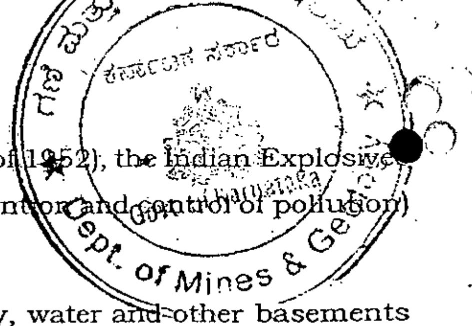

(b) Any other minerals encountered.

(c) Any other mater of interest and all data required by the State Govenment the Competent Authority from time to time.

13. To abide by the Provisions of the laws in force in respect of labour welfare, safety measures, ecology and environment.

The lessee/licensee shall be bound by the provisions of law to abide by the provisions any laws for the time being in force of the laws in force in relating to ecology and environment, of the laws in force in the working of the quarries (Mines in respect of labour welfare and minerals) are matters affecting safety measures, ecology safety health and convenience of and environment. The lessee/licensee employees or the public. The lessee/ licensee shall abide by the conditions laid down in the payment of wages act 1936 (Central

Deputy Director (Min. Admn)

Act No.IV of 1936). the Mines Act, 1952 (Central Act No. XXXV of 1952), the Indian Explosive Act, 1984 (Central Act IV of 1884) and the Water and Air (prevention and control of pollution) Act, 1974.

14. The lessee/licensee shall respect all existing rights of way, water and other basements and shall not carry on mining/quarrying or other operations under the said lease/licence in any way than as prescribed under the Rules.

15. Government indemnified from paying compensation for injury to third parties

The lessee/licensee shall make and pay responsible compensation for all damage, injury disturbance to person or property which may be caused by or on the part of lessee/licensee in excrcise of the liberties and power granted by these presents and shall at all times have harmless and kept indemnified the State Govenment from and againist all suits, claims and damages which my be brought or made by any person or persons in respect of any such damage, injury or disturbance.

16. Not to obstruct working of other minerals

The lessee/licensee will excercise the liberties and powers hereby granted in such a matter as to offer no unnecessary or reasonable avoidable obstructions or interruption to the development and working within the said lands of any minerals not included in this lease/licence and shall at all times afford to the Central and State Government and to the holder quarrying lease, of quarrying licence and prospecting licence or mining lease in respect of any such minerals or any minerals within any land adjacent to the said lands as the case may be reasonable means of access and safe and convenient passage upon and across the said lands to such minerals for the purpose of getting working. developing and quarrying away the same provided that the lessee/licensee shall have receive reasonable compensation for any damage or injury which he may sustain by reason or in consequence of the use of such passage by such lessee/licensee or holders of prospecting licences.

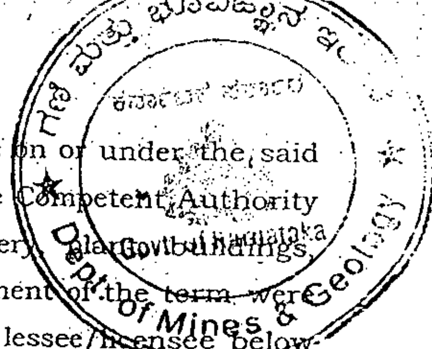

17. Lessee shall deposit any additional amount necessary equal to the security deposit

Whenever the security deposit as provided in the 9(1) and 2(1) of the said Rule or any part theereof or any further sum hereafter deposited with the State Government in replenishment thereof shall be forfeited or applied by the Competent Authority pursuant to the power hereinafter deciared in that behalf the lessee/licensee shall deposit with the State Government such further sum as may be sufficient with the unappropriated part thereof to bring the amount in deposit with the State Government up to the sum of equal to the said full security deposit amount.

18. Delivery of working in good order to State Government after determination of lease

The lessee/licensee shall at the expiration or sooner determination of the said term or any renewal thereof deliver upto the State Government all mines, quarries, pits, shafts,

Deputy Director (Min. Admn)
Dept. of Mines & Geology

lines, other works now existing or here after to be sunk or make on or under the said lands except such as have been abandoned with the sanction of the Competent Authority in an ordinary and fair cource of working all engines, machinery, plant buildings, structures, other works and conveniences which at the commencement of the term were upon or under the such lands and all such machinery set up the lessee/licensee below ground level which cannot be removed without causing injury to the mines, quarries or works under the said lands (except such of the same may with the sanction of the Competent Authority) and all buildings and structure of bricks or stone erected by the lessee/licensee above ground level in good repaired order and condition and fit in all respects for further working of the said mines and the said minerals.

19. Right of pre-emption.

(a) The Government shall from time to time and all times during the said terms have right to be exercised by notice in writing to the lessee/licensee of pre-emption of the said minerals (and all products therefore lying in or upon the lands hereby demised or elsewhere under the control of the lessee/licensee shall with all possible expedition deliver all minerals or products of minerals purchased by the State Government under the power conferred by this provision be exercising the said right.

(b) In the events of the existence of State or War or emergency (of which existence the President of India shall be the sole judge and a notification to his effect in the Gazette of India shall be conclusive proof) the State Government with the consent of the Central Government shall from time to time and all times during the said term have right to be exercised by a notice in writing to the lessee/licensee shall forth with take possession and control of the works plant, machinery premises of the lessee/licensee on or in connection with the said lands or preparations under the lessee/licensee and during such possession or control the lessee/licensee shall confirm and obey all directions given by or on behalf of the Central or State Govenment regarding the use of employment of such works, plants premises and minerals, PROVIDED THAT after compensation which shall be determined in default of agreement by the State Government shall be paid'to the lessee/licensee or all loss or damage sustained by him/them by reason or in consequence of the exercise of the powers conferred by this clause and PROVIDED ALSO that the exercise of such powers shall not determine the said term hereby granted or affect the terms and provisions of these presents further than may be necessary to give effect to the provisions of this cause. The Government or the Competent Authority shall have the right to dispose of the minor mineral waste generated during the course of quarrying in accordance with the provision of Schedule 2.

Deputy Director (Min. Admn)
Dept. of Mines & Geology

20. Not to light fire in forest Areas

The lessee/licensee shall not light any fire upon the said lands if lying within the reserved forest except under such conditions as the Forest Department may in writting specify and the lessee/licensee and his/their workmen and employees shall render prompt assistance in extinguishing any fire on the said lands or in their vicinity. The lessee/licensee shall be liable for all damages resulting from fire caused by the act or omission of the lessee/licensee or his/ their employees and shall pay such compensation for Forest Department. The decision of the Forest Department as the amount of compensation payable by the lessee/licensee shall be final and binding on the lessee/licensee.

21. No right over produce other than minerals, ores mentioned in the lease/licence

(a) The lessee/licensee shall not remove any other produce except the minor mineral mentioned in this lease. The lessee/licensee shall without delay, report to the Competent Authority and the Director of Mines and Geology, the discovery in this areas, comprised in his/their lease/licence of any minerals not specified in the lease.

(b) If any mineral/s not specified in the lease/licence is/are discovered in the leased/licenced area he/they shall not win and dispose of such mineral/s, without obataining lease/licence therefore If he fails, they fail to apply for such lease/licence within three months from the discovery of the said mineral/ minerals, the Competent Authority may grant a lease/licence in respect of such mineral/minerals to any other person/persons in respect of such mineral/ minerals to any other person/persons.

(c) Without the prior permission of the Director of Mines and Geology the lessee/ licensee shall not use the minor minerals quarried under these rules for a purposes which will classify them as major minerals.

22. The lessee/licensee shall make available to the Government of India beryl or any other "Substance prescribed" under Section of the Atomic Energy Act (Act XXIX of 1948) if they are found to occur in the said lands.

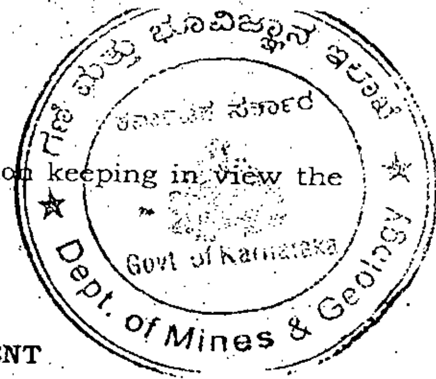

23. The State Government shall be immune from the lessee/licensee claims for damge and account or any having been included in this lease which may subsequently be discovered have not been available for the lease.

24. The lessee/licensee or his assignees shall not erect by building in contravention of the provisions of any law for the time being in force relating to the erection of buildings or in contravention of any order is issued by any officer or authority composed to issue such order any such law within whose jurisdiction the leased area is situated.

25. The lessee/licensee shall abide by such reasonable instructions and direction as may be issued by the Director of Mines and Geology from time to time regarding conservation and development of minerals.

Deputy Director (Min. Admn)
Dept. of Mines & Geology
Bangalore-560001

26. The lessee/licensee shall minimise the air and water pollution keeping in view the local atmosphere/environment.

PART VIII

THE COVENANTS OF THE STATE GOVERNMENT

1. Lessee may hold and enjoy rights quietly

(1) Lessee/licensee paying the rents and royalties hereby resereved and observing and performing all the covenants and agreements herein contained and on the part of the lessee/licensee is to be observed and performed shall and may queitly hold and enjoy the rights and premises hereby demised for and during the term hereby granted without any unlawful interruption from or by the State Government, or any person rightfully claiming under it.

2. To renew

If the lessee/licensee be desirous of taking lease/licence of the premises here by demised or of any part of them for a further term on the expiry of the term hereby granted and if he/they give the Competent Authorty an application in writing twelve months before the expiry of the leasee/licences as prescribed in the said Rules and shall pay the rents and royalties hereby reserved and shall observe and perform the several covenants and agreements herein contained and on the part of the lessee/licensee to be observed and performed upto the expiration of the term hereby granted the Competent Authority will upon his/their executing and delivering to the State Government if required a counterpart thereof execute and deliver to the lessee/licensee a reneval lease/licence of the said premises for the further term not exceeding the term of this lease/licence at such rents and royalties and no such terms and subject to such convenants and agreements including this present covenants to renew as shall be in accordance with the said Rules applicable to .... (name of minerals) on the day next following the expiration of the term hereby granted.

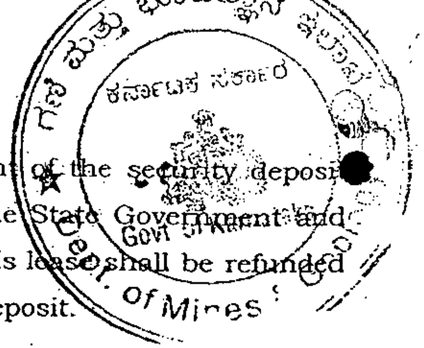

3. Liberty to surrender this lease/licence.

The lessee/licensee shall be at librety to surrender this lease/licence by giving notice of not less than three months in writing to the Competent Authority and no fresh liability shall accure to the lessee/licensee from the date of such surrender provided that all the Government dues on rents, royalties and taxes shall be declared off arising upon the date of surrender.

4. Refund of Security Deposit.

On such date as the competent Authority may within two months after the

Deputy Director (Min. Admn)
Dept. of Mines & Geology

determination to this lease or of any renewal therof, the amount of the security deposit paid in respect of the lease and then remaining deposit with the State Government and not required to be applied to any of the purpose mentioned in this lease shall be refunded to the lessee/licensee. No interest shall run on the security deposit.

PART IX

GENERAL PROVISION

1. Breach of conditions.

In case of breach of any of the conditions of the lease other than mentioned in clause 2 and 3 of this part then the Competent Authority may require the lessee/licensee or his/ their assigns to pay penalty not exceeding an amount equivalent to twice the amount of the annual dead rent specified under clause I part V.

2. Obstruction to Inspection.

In case lessee/licensee or his/their assignees does/do not allow or obstruct entry or inspection by the Officers authorised by the State Govenment the Competent Authority may cancel the lease and forfiet the whole or part of the deposit made under Rule 9(1) and 21(1) of the said Rules.

3. In case lessee/licensee or his/their assignees commit any breach of any of the conditions specifies in the clauses sub rule (1) and (2) of rule 6 of the said Rule then and in any such case the Competent Authority shall give notice in writing to the lessee/licensee or his/thier or assignees as the case may be, asking him/them to remedy the breach within thirty days from the date of the notice and if the breach is not remedied within such period the Competent authority under the said Rules determine the lease provided that nothing therein contained shall debar the State Government from enforcing any other right or remedy that the State Government may have against the lessee/licensee or his/her assignees under any other provisions herein contained.

4. To pay penalty in case of breach.

In case of the breaches of the covenants and agreements by the lessee/licensee or any other officer authorised by the Government on which aforesaid notice has been given the Competent Authority under the said Rules in lieu of Giving notices, may impose such penalty appropriate in accordance with the sub-Rule (3) of Rule 6.

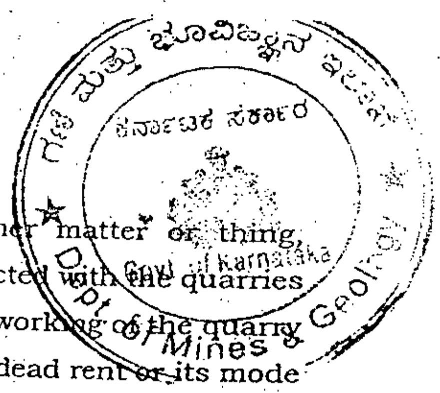

5. If the lessee/licensee ceases/cease to work the quarry for a continuous period of one year the lease/licence shall liable to cancellation as per the Rules.

Provided that the lease/licence shall not be cancelled. If the lessee/licensee are prevented from working the quarry owing to some reasonable cause or if the lessee/licensee ceases/ cease to work with prior permission of the Competent Authority.

H-C[illegible]
Deputy Director (Min. Admn)
Dept. of Mines & Geology

Interpretation.

If there is any dispute rgarding their lease/licence or any other matter or thing, construction of a term or condition in the lease/licence anything connected with the quarries or minor minerals specified in this lease/licence or the working or nonworking of the quarry operated under the lease/licence, the amount of payment of royalty or dead rent or its mode of payment to the Competent Authority it shall be referred to the Government whose decision shall be final and binding on the lessee/licensee.

7. Omitted.

8. Lessee/licensee to remove his properties on the expiry of lease.

The lessee/licensee having first paid and discharged the rents and royalties payable by virtue of these presents may at the expiration or sooner determination of the said terms or within three months thereafter (unless the lease/icence shall be determined under clause 1 and 2 or this PART and in that case at any time not less than three calender months after such determination), take down remove for his own benefit all or any engines, machinery plant, building structures, tramways, railways other works erection and conveniences which may have been erected set up or placed by the lessee/licensee in or upon the said lands and which the lessee/licensee is /are bound to deliver to the State Govenment under clause 18 of PART VII of this Schedule and which the State Government shall not desire to purchase.

9. Forfeiture of property left more than six months after determination of lease.

If at the end of three months after the expiration or sooner determination of the said term or after the date from which after determination of lease any surrender by the lessee/licensee of part under the provisions contained in Clause 3 of PART VII of this Schedule become effective there shall remain or upon the said land or the surrendered part or parts thereof the case may be any engine, machinery, plant, building, structures, tramways, railways and other work, erections and conveniences or other property which are not required by the lessee/licensee in connetion with his/ their operations in these parts of the said lands which he/they has/have surrendered or in any other lands held by him/them under quarrying lease the same shall not removed by the lessee/licensee within one calender month after notice in-writing requiring their removal has been to the lessee/licensee by the State Government be deemed to become the property of the State Government and may be sold or disposed of in such manner as the State Government shall deem fit without liability to pay compensation or to the lessee/licensee in respect thereof.

10. Service of notice.

Every notice by these present required to be given to Service notice. The lessee/licensee shall be given in writing to such person resident on the purpose of receiving such notices

Hclly

Deputy Director (Min. Admn)
Dept. of Mines & Geology

and if there shall have been no such appointment they every such notice shall be sent to the lessee/licensee by the registered post addressed to the lessee/licensee at the address recorded in this lease/licence or at such other address in India as the lessee/licensee may form time to time in writing to the State Govenment designate for the reeipt of notices and every such service shall be deemed to be proper and valid service upon the lessee/ licensee and shall not be questioned or challenged by him.

11. In respect of quarrying leases consisting of an area of five acres and more a quarrying plan containing the particulars specified in clause (c) shall be submitted by the lessee within six months from the date of grant of lease as per sub-rule 3(a) of Rule 18 of K.M.M.C. Rules 1994.

In Witness whereof these presents have executed in the manner here under apprising the day and year first above written.

Karnataka

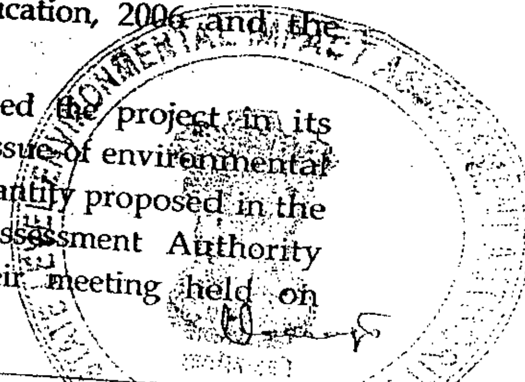

Sir,

Sub: Quarrying of Building Stone (M- Sand) at Sy. No. 134 (P) in Marle Village, Chikkamagaluru Taluk & District, Karnataka by M/s Deviramma Stone Crushers - Issue of Environmental Clearance - Reg.

*****

This has reference to your application bearing proposal No.SIA/KA/MIN/45587/2019 received on 31st October 2019 by SEIAA, Karnataka on the subject mentioned above. It has been noted that the proposal is for grant of Environmental Clearance under the provisions of EIA Notification, 2006, for Quarrying of Building Stone (M- Sand) . The total quarry lease area of the project is 10-00 Acres, which is a Govt. Gomala Land. Out of 10 -00Acres of area, 8-00 Acres area is for quarrying, 0-05 Acres area is for Waste dumping area, 0-05 Acres area is for Stock Yard, 0-05 Acres area is for Roads, 0-05 Acres area is for Shelter, 1-20 Acres area is for Safety zone. Working will be Open cast and Semi mechanized method. The water requirement for the project is 7.00 KLD will be met from Borewell. During the quarrying operation about 1,31,829 Tonnes of waste rock will be handled for a period of five years. The Senior Geologist, Department of Mines and Geology, Chikmagaluru District has approved Quarrying plan on 24th September 2019. The capital cost of the project is about Rs. 60 Lakhs. It is reported that the lease area do not attract General Conditions specified in the EIA Notification, 2006 and the amendments made there on.

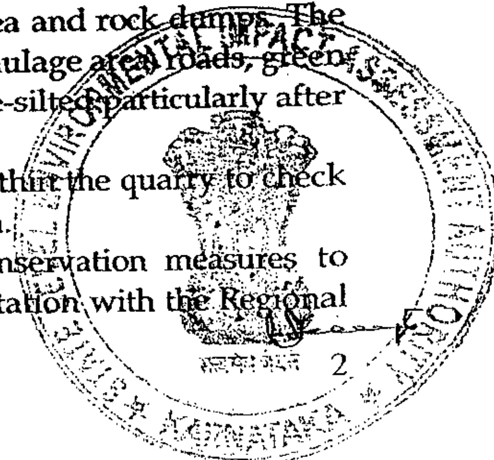

The State Expert Appraisal Committee (SEAC) appraised the project in its meetings held on 3rd December 2019 and recommended for issue of environmental clearance for extraction of Building Stone (M- Sand) of the quantity proposed in the approved quarry plan. The State Environment Impact Assessment Authority (SEIAA), Karnataka has considered the application in their meeting held on

23rd December 2019 in accordance with the EIA Notification 2006 and hereby accords environmental clearance under the provisions thereof to the above mentioned M/s Deviramma Stone Crushers for Quarrying of Building Stone (M- Sand) as recommended by State Expert Appraisal Committee (SEAC) for production capacities of 5,00,949 Tonnes per Annum for a period of five years by Open cast other than fully mechanised method involving quarry lease area of 10-00 Acres subject to implementation of the following conditions and environmental safeguards.

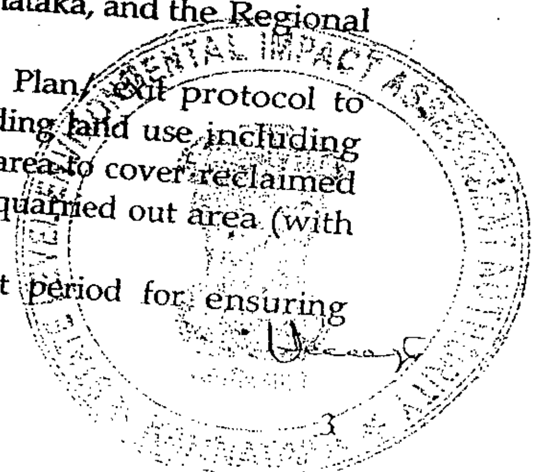

A. SPECIFIC CONDITIONS:

1. Validity of this Environmental Clearance is co-terminous with the lease period or 5 years from the date of issue Environment Clearance letter, whichever is earlier.
2. Quarry plan approved by the Department of Mines and Geology shall be strictly implemented and shall not be operated beyond the validity period of the approved quarry plan.
3. Baseline data on health profile of each of the workers shall be maintained.
4. PAs should get the health check-up done for the quarry workers on quarterly basis and submit report periodically.
5. The SEIAA, Karnataka reserves the right to withdraw the environmental clearance subject to any change in the quarrying policy by the State Government as may be applicable to this project.
6. Quarrying shall be undertaken strictly in accordance with provisions of MM (D&R) Act 1957 / KMMC RULES-1994.
7. All the conditions stipulated in the Consent for establishment issued (If applicable) by the Karnataka State Pollution Control Board should be effectively implemented.
8. The quarrying operations shall not intersect ground water table. Prior approval of the SEIAA / Ministry of Environment & Forests and Central Ground Water Authority shall be obtained for quarrying below water table.
9. The topsoil if any should be stacked at earmarked site only and should not be kept unutilized for a period more than 3 years. The topsoil should be used for reclamation and plantation.
10. Waste rock shall be stacked at earmarked site (s) only. The maximum height of the stack should not exceed 10m duly providing suitable terraces. The overall slope of the dump shall not exceed 27°. A retention wall shall be built around the waste rock dump to prevent sliding.
11. Catch drains and siltation ponds of appropriate size should be constructed to arrest silt and sediment flows from quarry working area and rock dumps. The water so collected should be utilized for watering the haulage area, roads, green belt development etc., the drains should be regularly de-silted particularly after monsoon and maintained properly.
12. Dimension of the retaining wall at the toe of dumps within the quarry to check run off and siltation should be based on the rainfall data.
13. The project authority should implement suitable conservation measures to augment ground water resources in the area in consultation with the Regional

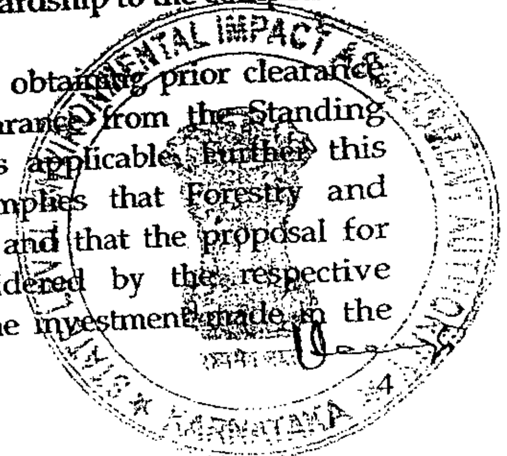

Director, Central Ground Water Board within 3 months and report be submitted to the Authority.

14. Appropriate mitigation measures should be taken to prevent pollution of nearby water bodies in consultation with the State Pollution Control Board.
15. The project proponent shall submit commitment from the competent authority for drawl of requisite quantity of water for the project before starting work on the project.
16. Suitable rainwater harvesting measures on long-term shall be planned and implemented in consultation with Regional Director, Central Ground Water Board for complete rain water harvesting by constructing check dams/converting quarried pits to rain water harvesting ponds.
17. Vehicular emissions should be kept under control and regularly monitored. Measures shall be taken for maintenance of vehicles used in quarrying operations and in transportation of blocks.
18. Digital processing of the entire lease area using remote sensing technique should be done regularly once in three years for monitoring land use pattern and report submitted to SEIAA Karnataka, Department of Environment and Ecology, Govt. of Karnataka and the APCCF, Regional Office, MoEF, Bangalore.
19. This environmental clearance does not confer any right to the proponent on the land proposed for quarrying until and unless quarry lease and all other statutory clearance are obtained from the respective department/agencies.
20. The project authorities should undertake sample survey to generate data on pre-project community health status within a radius of 1 km from proposed quarry.
21. Consent to operate if applicable shall be obtained from State Pollution Control Board prior to start of production from the quarry.
22. Proper sanitary facilities should be installed for the colony/work place. Domestic waste generated should be disposed in a scientific manner. Proper first aid facilities and health care facilities should be provided for the labourers.
23. The project proponent shall take all precautionary measures during quarrying operation for conservation and protection of endangered fauna spotted in the study area. Action plan for conservation of flora and fauna shall be prepared and implemented in consultation with the State Forest and Wildlife Department. The proponent shall contribute towards the cost of implementation of the plan and / or Regional Wildlife Management Plan for conservation of wild life. The amount so contributed shall be included in the project cost. A copy of the action plan may be submitted to the SEIAA, Department of Environment and Ecology, Govt. of Karnataka, and the Regional Office, MoEF, Bangalore within 3 months.
24. The project proponent shall delineate Quarry Closure Plan/exit protocol to rehabilitate the quarried out land to match its surrounding land use including removal, storage and reuse of waste rock from quarry area to cover reclaimed area. Post Quarry Land Use Plan with rehabilitation of quarried out area (with Plan and Section) provided and submit to SEIAA.
25. Plantation monitoring programme during post project period for ensuring survival and growth rate of plantation in reclaimed area.

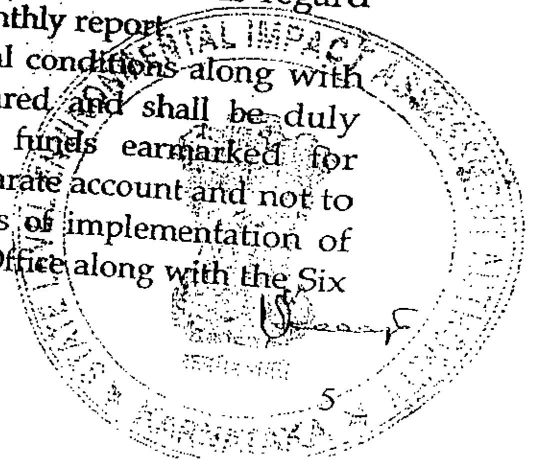

26. A Final Quarry Closure Plan along with details of Corpus Fund should be submitted to the SEIAA Karnataka, Department of Environment and Ecology, Govt. of Karnataka and the Regional Office, MoEF, Bangalore 5 years in advance of final quarry closure for approval.
27. Retention walls should be a minimum of 2.5 mtr height with base of 3 mtr.
28. Check dams and gully plugs along the smaller streamlets in the area, should be constructed to arrest the loose soil flow from the quarry area.
29. Particulars of dimensioned block production and dispatch shall be provided by the quarry owner yearly.
30. The infrastructure of transport roads should be improved collectively by the quarry owners of the area.
31. Link road from quarry site to main road shall be maintained and black topped by the project proponent.
32. The quarry lease area to be properly demarcated using the lat-long coordinates and duly erecting 4 feet concrete/granite pillars on the ground.
33. No quarrying shall be undertaken outside the lease area.
34. The project Authorities shall maintain a margin of 7.5 meters along the lease boundary except in case where common boundary working permission is obtained from the competent authority.
35. **The project authorities shall also earmark at least 5 % of the total turnover of the project towards the corporate social responsibility and item-wise details along with time bound action plan shall be prepared and submitted to the Authority.**
36. The project authority shall ensure that the quarry pits are well protected erecting a compound wall of stone masonry of appropriate height conforming to safety norms.
37. The project authority shall avoid stagnation of water in the quarry pits which would turn out to be mosquito breeding centers resulting in spreading of diseases such as malaria, dengue, etc.
38. The project proponent shall prevent damage to adjoining land, from fire due to activities during quarrying operation.
39. **Haulage approach road should not be through village till the main road is reached.**
40. **The project authorities shall get the annual health checkup of quarry workers as well as people in the nearest vicinity of the quarry for respiratory diseases such as silicosis and maintain records. Appropriate care shall be taken for remedy in case of prevalence of such health disorders.**
41. Clearance/NOC from the competent authority shall be obtained for transportation of water by tankers in order to avoid hardship to the competitive users
42. This Environmental Clearance is granted subject to obtaining prior clearance from Forestry and Wild Life angle including clearance from the Standing Committee of the National Board for Wildlife as applicable. Further this Environmental Clearance does not necessarily implies that Forestry and Wildlife Clearance shall be granted to the project and that the proposal for Forestry and Wildlife Clearance shall be considered by the respective Authorities on their merits and decision taken. The investment made in the

project if any based on Environmental Clearance so granted in anticipation from the forestry and wild life angle shall be entirely at the cost and risk of the project proponent and the SEIAA-Karnataka shall not be responsible in this regard in any manner.

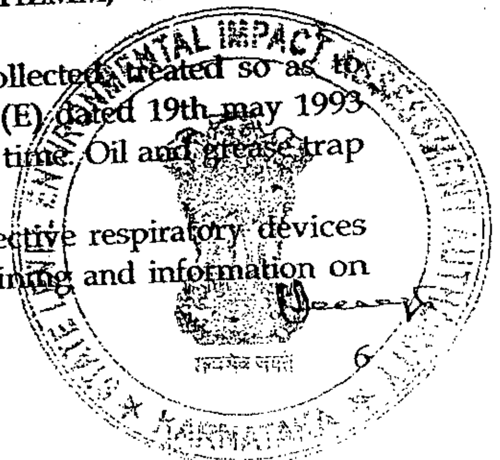

43. Solid waste/hazardous waste generated in the mines/quarry needs to addressed in accordance to the Solid Waste Management Rules, 2016 / Hazardous & Other Waste Management Rules, 2016.
44. Ambient air quality monitoring stations as prescribed in the statue be established for monitoring of pollutants, namely PM_{10}, $PM_{2.5}$, SO_2 and NO_X. Location of the stations shall be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive targets in consultation with the State Pollution Control Board wherever applicable.
45. Regular monitoring of ground water level and quality shall be carried out in and around the mine/quarry lease area by establishing a network of existing wells and constructing new piezometers during the Quarrying operations. The monitoring of ground water levels shall be carried out four times a year i.e. pre-monsoon, monsoon, post-monsoon and winter. The ground water quality shall be monitored once a year, and the data thus collected shall be sent regularly to MoEF&CC/RO.
46. Monitoring of water quality upstream and downstream of water bodies shall be carried out once in six months and record of monitoring data shall be maintained and submitted to the Ministry of Environment, Forest and Climate Change/Regional Office
47. Controlled blasting techniques shall be practiced in order to mitigate ground vibrations, fly rocks, noise and air blast etc., as per the guidelines prescribed by the DGMS.
48. The noise level survey shall be carried out as per the prescribed guidelines to assess noise exposure of the workmen at vulnerable points in the mine premises, and report in this regard shall be submitted to the Ministry/RO on six-monthly basis.
49. **The company / project proponent shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company / Project proponent shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report**
50. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report

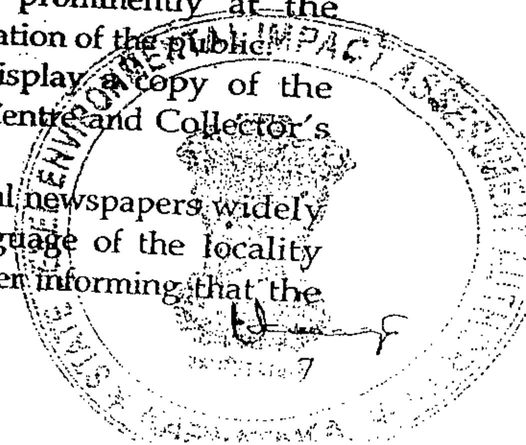

51. Self-environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.
52. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
53. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
54. The project authorities shall inform to the Regional Office of the MoEF&CC regarding commencement of Quarrying operations.
55. No further expansion or modifications in the project shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC)/ SEIAA, Karnataka.
56. The Project Proponent shall comply with provision contained in OM vide F.No. 22-65/2017-IA.III Dated 1st May 2018 , of the Ministry of Environment, Forest and Climate Change as applicable, regarding Corporate Environment Responsibility and shall execute the action plan with a total cost of minimum of Rs. 55.0Lakhs for rejuvenation of Marle Kere ,as submitted vide letter dated 19/02/2020.
57. Safe drinking water has to be provided at the quarry site.
58. Dust suppression measures have to be strictly followed.

B. GENERAL CONDITIONS

1. No change in quarrying technology and scope of working should be made without prior approval of the SEIAA Karnataka.
2. No change in the calendar plan including excavation, quantum of mineral and waste should be made.
3. It shall be ensured that the Ambient Air Quality parameters conform to the norms prescribed by the MoEF, Govt. of India, New Delhi.
4. Data on ambient air quality (PM_{10}, $PM_{2.5}$, SO_2, NO_x) should be regularly submitted to the SEIAA Karnataka and the Regional Office, MoEF, Bangalore and the State Pollution Control Board / Central Pollution Control Board once in six months.
5. Fugitive dust emission from all the sources should be controlled regularly. Water spray arrangement on haul roads, loading and unloading and at transfer points should be provided and properly maintained.
6. Measures should be taken for control of noise levels below 85 dBA in the work environment. Workers engaged in operations of HEMM, etc should be provided with earplugs / muffs.
7. Waste water from the quarry should be properly collected, treated so as to conform to the standards prescribed under GSR 422 (E) dated 19th may 1993 and 31st December, 1993 or as amended from time to time. Oil and grease trap shall be installed before discharge of effluents.
8. Personnel working in dusty areas should wear protective respiratory devices and they should also be provided with adequate training and information on safety and health aspects.

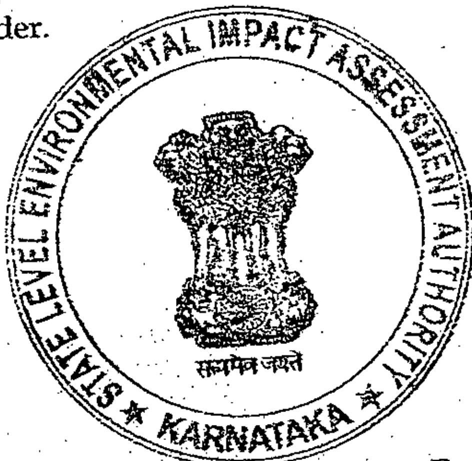

9. Occupational health surveillance program of the workers should be undertaken periodically i.e. once in 3 months to observe any contractions due to exposure to dust and take corrective measures, if needed. Quarterly report in this regard should be submitted to the Department of Environment and Ecology, Govt. of Karnataka and the Karnataka State Pollution Control Board and the Regional Office, MoEF, Bangalore.
10. A separate environmental management cell with suitable qualified personnel shall be set-up under the control of a Senior Executive, who will report directly to the Head of the organization. The Environment management committee should be constituted with one of the member representing nearby village.
11. The funds earmarked for environmental protection measures should be kept in separate account and should not be diverted for other purpose. Year wise expenditure should be reported to the SEIAA Karnataka, the Department of Environment and Ecology, Govt. of Karnataka, and Ecology, Government of Karnataka, and the Regional Office, MoEF, Bangalore.
12. The project authorities should inform the SEIAA Karnataka, Department of Environment and Ecology, Govt. of Karnataka, and the Regional Office, MoEF, Bangalore regarding date of financial closures and final approval of the project by the concerned authorities and the date of start of land development work.
13. The APCCF, Regional Office of MoEF, Bengaluru; the Department of Environment and Ecology, Govt. of Karnataka and the Karnataka State Pollution Control Board shall monitor compliance of the stipulated conditions. The project authorities should extend full co-operation to the Officer (S) of these offices by furnishing the requisite data / information /monitoring reports.
14. The project proponent shall submit six monthly report on the status of the implementation of the stipulated environmental safeguards to the SEIAA Karnataka, Department of Environment and Ecology, Government of Karnataka and the APCCF, Regional Office, MoEF, Bengaluru; the Central Pollution Control Board and the Karnataka State Pollution Control Board.
15. **The Half Yearly Compliance Reports (HYCRs) with its contents of a covering letter, compliance reports, and environmental monitoring data has to be in PDF format merged into a single document. The email should clearly mention the name of project, EC No. & date, period of submission and to be sent to the Regional Office of MOEF&CC by email only at email ID rosz.bng-mefcc@gov.in Hard copy of HYCRs shall not be acceptable.**
16. A copy of the clearance letter will be marked to the concerned Panchayath. Local NGO, if any, from whom suggestion / representation has been received while processing the proposal.
17. The project proponent should display the conditions prominently at the entrance of the project on a big panel board for the information of the public.
18. The Karnataka State Pollution Control Board should display a copy of the clearance letter at the Regional office, District Industry Centre and Collector's office/ Tehsildar's office for 30 days.
19. The project authorities should advertise at least in two local newspapers widely circulated, one of which shall be in the vernacular language of the locality concerned, within 7 days of the issue of the clearance letter informing that the

project has been accorded environmental clearance and a copy of the clearance letter is available with the State Pollution Control Board and also at http://environmentclearance.nic.in website of the MoEF&CC and http://seiaa.karnataka.gov.in website of SEIAA, Karnataka. A copy of the same should be forwarded to the Department of Environment and Ecology, Government of Karnataka and the Regional Office, MoEF&CC, Bangalore.

20. Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environmental (Protection) Act, 1986.
21. Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
22. The SEIAA or any other competent authority may alter / modify the above conditions or stipulate any further condition in the interest of environment protection.
23. Failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986.
24. The above conditions will be enforced inter-alia, under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and the Public Liability Insurance Act, 1991 along with their amendments and rules made there under.

Yours faithfully,

(Vijayakumar Gogi)
Member Secretary,
SEIAA, Karnataka.

(Bracketed portion to be deleted in cases the lease/licence in for specified minor mineral).

6. To use water from streams etc.,

Liberty and power for in connection with any of the purposes mentioned in this part but subject to the rights of any existing or future lessee/ licensee and with the written permission .... (any officer authorised by the State Government in that behalf) to appropriate use of water from any streams, water-courses, springs or other sources in or upon the said lands and divert, step up or dam any such streams or water-course and collect or impound any such water and to make, construct and maintain any water course, culverts, drains or reservoirs but not as to deprive any cultivated lands, villages, building, or watering places for livestock of a reasonable supply or water as before accustomed nor in any way to foul or pollute any stream or springs. Provided that the lessee/licensee shall not interfere with the navigation in any navigable streams, nor shall divert such streams, without the previous written permission of the State Government.

(GPA Holder)

7. **To use for stacking heaping or depositing purposes**

Liberty and power to enter upon and use a sufficient part of surface of said lands for the purpose of stacking, heaping thereon any produce of the mines, quarries or works carried on and any equipment, earth and materials and substances dug or raised under the liberties and powers mentioned in this part.

8. **Benefication and carrying away**

Liberty and power to enter upon and use a sufficient part of the said land to benificiate, process, dress convert the said Minerals, produced from the said lands and to carry away such benificiated/processed, dressed, converted mineral/minerals.

9. **To clear brush-wood and to fell utilise trees etc.**

Liberty and power for or in connection with any of the purpose mentioned in this part to fell and use any timber or trees or brush wood now standing which hereafter may be standing upon the reserved forest land, included within said lands, provided that not more than .... square metres or such reserved forest land shall be cleared in any one year nor the same place of tender than once in every year and provided that, the previous permission in writing from the Forest Department and forest Department is obtained which permission shall be granted by the Forest Department under time to time for an area, not exceeding .... acres at a time on written application of the lessees/licensees to the effect that the lessees/licensees requires/ require the additional area for bona fide also immediate extention of quarrying operation under this lease/ licence and provided also that the exercice of the liberty and power expressed in this clause shall be subject to the observance of the terms and conditions contained in the other part of this schedule.

PART III

RESTRICTIONS AND CONDITIONS AS TO THE EXERCISE OF THE LIBERTIES POWER AND PRIVILEGES IN PART II

1. **No building etc., upon certain places.**

No building or thing shall be erected, set up, placed and no surface operations shall be carried on in or upon any public pleasure ground, burning or burial ground or place held sacred by any class of persons or any house or village site, public road or other place with the State government may determine as public ground nor in such manner as to injure or prejudicially affect any building work, property or rights of other persons and no land shall be used for surface operations which is already occupied by persons other than the Government for works or purposes not included in this lease/licence. They shall also not interfere with any right of away, well or tank.

(GPA Holder)

2. permission for surface operations in a land not already in use:

Before using for surface operations any land which has not already been used for such operations the lessee/licensee shall give to the Competent Authority, sixty days previous notice in writing specifying the name or other designation of the situation and the extent of the land proposed to be so used and the purpose for which the same is required and the said land shall not be used if objection is issued by the competent authority within one month after the receipt by him of such notice unless the objections so stated shall on references to the State Government be annulled or waived.

3. To cut trees in the unreserved lands.

(a) The lessee/licensee shall not cut or injure any tree in the leased/licenced areas without the previous sanction in writing of the Competent Authority.

(b) Notwithstanding anything contained in sub-clause (a) the lessee/ licensee shall not cut or injure any tree in leased/ licensed area falling within reserved/protected forest without the previous permission in writing from the Forest Department or the Office authorised by the Forest Department in this behalf.

4. Permission for surface operations in a land not already in use:

Save as provided in clause 9 part II of this schedule, the lessees/licensees shall not without the previous sanction from the Forest Department cutdown or injure any timber or trees on the said but, may, without such sanction clear away any brush-wood or under-growth which interferes with any operations authorised by these presents and notwithstanding anything contained in this shedule shall not enter upon any reserved forest included in the said lands without seven days previous notice in writing to the Forest Department or the officer authorised by the Forest Department.

5. No mining operations within 50 meters of public works etc.

The lessee/licensee shall not work or carry on allow to be worked or carried on any quarrying operations at or to any point within a distance of 50 meters if no blasting is involved from the boundary of any railway line except with the previous written permission of the Railway administrative concerned or from the boundaries or reservoir canal, hightention electric line or other public works. or buildings or inhabited site except with the previous permission of Government or any other officer authorised by the Government in this behalf and otherwise than in accordance with such instructions, restrictions and conditions and either general or special which may be attached to such permission. The said distances of 50 metres or 200 metres shall be measured in the case of railway Reservior or canal horizontally from the outer to of the bank of the outer edge of the cutting as the case may be and of building horizontally from the plinth therof.

(GPA Holder)

6. Facilities for adjoining Government licences and leases

The lessee/licensee shall allow existing and future holders of Government licences or leases over any land which is comprised in or adjoins or is reached by the land held by the lessee/ licensee reasonable facilities of access thereto. Provided that no substantial hindrance or interfernce shall be caused by such holder of licences or leases to the operations of the lessee/licensee under these presents and the lessee/licensee shall be entitled to compensation as may be mutually agreed upon between the lessee/licensee and such holders and in events of disagreement such fair compensation may be determined by the Competent Authority or any other officer authorised by the State Government in respect of all loss or damage sustained by the lessee/ licensee by reason of or the exercise of this liberty.

7. if the said lands or part thereof are forest lands the lessees/ licensees shall take all steps to ease the slopes and restore top soil in lands worked out, exploited or mined and it shall be open to the Government to afforest such lands even during existence of the lease.

PART IV

LIBERTIES, POWERS AND PRIVILEGES RESERVED TO THE STATE GOVERNMENT

1. To work other minerals.

Liberty and power for the State Government or any lessee/licensee or persons authorised by it in that behalf to enter into and upon the said lands and to search for win, work, dig, get, raise, dress, process, convert and carry away any minerals other than said minerals and any other substances and for those purposes to sink, drive, make erect, construct, maintain and use such pits, shafts inclines drifts, levels and other lines, waterways, airways, water courses, drains reservoirs engines machinery. plant buildings canals, tramways, railways and other work and conveniences as may be deemed necessary or convenient. Provided that in the exercise of such liberty and power no substantial hindrance or interference shall be caused to with the liberties powers and privileges of the lessee/licensee under these presents and that the lessee/licensee shall be entitled to such fair compensation as may be mutually agree upon or in the event or disagreement as may be determined by the Competent Authority appointed by the State Goverment in respect of all loss or damage sustained by the lessee/licensee by reason or in consequences. of the exercise of such liberty and power.

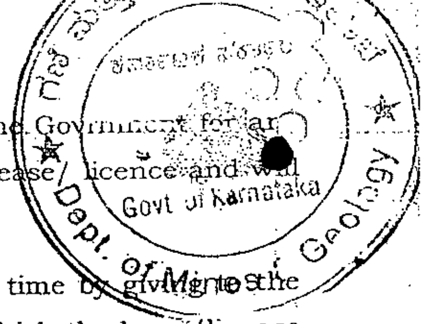

2. To make railways and roads.

Liberty and power to the State Government or Central Government of construct any road, railways or canal reservoir or to carry electric or telephone lines in or over the lands under the lease/licence is reserved.

Provided that before such liberty or power is exercised a notice of not less than thirty

(GPA Holder)

days shall be given to the lessee/licensee and the area utilised by the Government for any of the aforesaid purpose shall be excluded from the area under the lease/ licence and will not be entitled to claim any compensation for such exclusion.

3. Liberty and power to the State Government to determine, at any time by giving to the lessee/licensee a notice in writing the lease /licence if the area for which the lease/licence has been granted or any part therof is required by the State Government for any public purpose and a declaration under the signature of the Director that the area, or as the case may be, the part of the area is so required shall, as between the lessee/licensee and the Government, be conclusive.

On the determination of the lease/licence under this power the area under the lease/ licence shall be resumed by the Government and the lessee/licensee shall be paid such compensation as may be determined by an officer appointed by the Government for the purpose and in assessing the amount of compensation, the officer so appointed shall be guided by the principles laid down in the Acquisition Act, 1894, for such assessment.

PART V

RENT AND ROYALTIES RESERVED BY THE LEASE

1. Rate and mode of payment of dead Rent

As from the day of ....18-02-2020.... 200 . during the subsitance of lease/licence, the lessee/licensee shall pay the dead rent in advance at Rs ....17500/-.......... per Acre per annum as per Schedule I in accordance with Rules.

2. Rate of mode of payment of royalty

The lessee/licensee shall pay royalty in advance to Government in respect of minor minerals removed or consumed by him or his agent, manager employee, contractor or buyer at the rates prescribed Schedule 2 in accordance with the Rules.

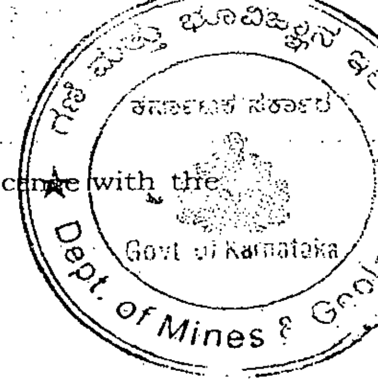

3. Mineral Despatch Permits.

The lessee/ licensee or his agents, managers, employees, contractors or buyers/ consumers shall not move the mineral quarried without obtaining valid Mineral despatch Permit (in short PERMIT) issued by the Competent. Authority may order for determination of the lease/licence with the prior approval of the Controlling Athority.

4. Penalty

Subject to the provision of clause (3) of this part, any lessee/licensee or his agents, managers, employees, contractors consumers or buyers contravening the above clause and transport mineral without valid PERMIT, such persons will be liable for penalty at 5 times of royalty,if any lessee/licensee or his agent etc., or buyers continue to indulge in such

(GPA Holder)

offence the Competent Authority May order for determination of the lease/licence with the prior approval of the controlling Authority.

PART VI

PROVISIONS RELATING TO THE RENTS AND ROYALTIES

1.Rent and Royalties to be free deduction etc.,

The rents and royalties in PART V of this Schedule shall be paid from any deductions the State Government at District- Sub Treasury at Chikkamagaluru.. and in such manner as the Competent Authority may prescribe.

2. Mode of Computation of Royalty

For the purpose of computing the said royalties the lessee/licensee shall Keep a correct account of the mineral/ minerals actually produced from the quarries/ mines, Lands and despatched from the quarry and maintained stock, in the from prescribed by Government/ competent Authority. The lessee/ licensee shall also Keep a correct account of the number of persons employed therein and shall also maintained a complete set of plans and cross sections of the quarry and furnish to the Competent Authority concerned such information, reports and returns as required from time to time under these Rules together with representative samples of minerals and processed materials from the same obtained during the operations. The accounts as well as quantity (in volume or in weight as the case may be) of the mineral/minerals in stock or in the process of despatch from the quarry may be checked by any officer authorised by the State Govenment and or by the Competent Authority.

3. Course of action if rents and royalties are not paid in time.

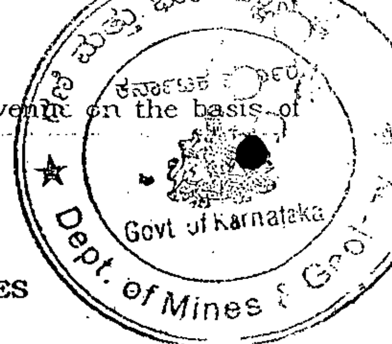

Should the royalty and/or rent reserved and made payable by the lessee/licensee is not paid within thirty days after the date fixed in lease/licence for the payment of the same. State Government may enter upon the premises and restrain all or any of the mineral or beneficiated/processed or movable property there and may order the sale of the property to restrained or so much of it as will suffice of the satisfaction of the rent and royalties due, and all cost and expenses occasioned by the non-payment thereof.

3A. if the lessee or licence makes any default in the payment of royalty or dead rent payable under rule 26, the competent authority shall give notice to such lessee or licences, requiring him to pay the royalty or dead rent within sixty days from the date of receipt to the notice.failing which the competent authority may, without prejudice to any other action that may be taken against lessee or licence the lease or licensee or forfeit the whole or part of the Security Deposit.

4. Any rent,royalty tax fees, penalty or other sums due to Government under said Rules

(GPA holder)

of under this lease/licence shall be recovered as arrears of land revenue on the basis of certificate issued by the Competent Authority.

PART VII

THE COVENANTS OF THE LESSEES/LICENSEES

1. Lessees to pay rents, royalties.

(1) The lessee/ licensee shall pay the rents and royalties reserved by this lease/licence at such times and in the manner provided in PART V and VI of these presents and also may and discharge all taxes, cesses, rates assessments and impositions whatsoever being in the nature of public demands which shall from time to time charged, assessed or imposed by the authority of the State Govrnment upon or in respect of the premises and works of the lessee/lessee in common with other premises and works of alike nature except demands for land revenue.

2. To maintain and Keep boundary marks in good order.

The lessee/licensee shall at his own expense erect and at all times maintain and Keep in repair boundary marks and pillars according to the demarcation to be shown in the plan annexed to this lease/licence. Such marks order and pillars shall be sufficiently clear of the shrubs and other obstructions as to allow easy identifications.

3. To commence operations within a year and work in a workman like manner

Unless the Competent Authority for good cause permits otherwise the lessee/licecsee shall commence operation within a year from the date of execution of the lease/licence and shall thereafter at all times during the continuance of this lease licence search for, win, work and develop the said minerals without voluntary intermission in proper skilful and workman like manner without doing or permitting to be done any unnecessary or avoidable damage the surface of the said lands or the crops, buildings or other property thereon. The lessee/ licensee shall prevent waste by removal of over burden careful storage of waste, drainage and removal of valuable minerals. For the purpose of this clause quarrying operations shall include the erection of machinery, laying of a tramway or construction of a road in connection with the quarry, The lessee/licensee shall not dump the overburden or waste rock or mineral on the workable deposit. if lessee/ licensee does not find suitable place to dump the waste mineral generated from the quarry within the leased/licenced area he may dump in nearly Government land obataining prior approval from Competent Authority writing.

4. To indemnify Government against all claims.

The lessee/licensee shall make and pay such reasonable compensation as may be assessed by lawful authority in accordance with the law in force on the Subject for all

(GPA holder)

damage, injury or disturbance which may be done by him in exercise of the powers granted by this lease/licence and shall indemnity and Keep indemnified fully and completely. State Government aganist all claims which may be made by any person in respect of any such damage, injury or disturbance and all costs and expenses in connection therewith.

5. To secure and Keep in good condition pits shafts etc.,

The lessee/licensee shall during the substance of this lease/licence well and sufficiently secure and Keep open with timber or other durable means all pits shafts and make and maintain sufficient fences to the satisfaction of the State Government round every such pit, shaft or working in the said lands, except such as may be abondened accessible free from water and foul air as far as possible. The lessee/licensee shall also take adequate steps to ensure that:

(a) Height and widths of trenches in open quarries are properly maintained to facilitate easy removal of the mineral and the muck.

(b) The working faces are always Kept clean.

(c) The mineral and or benificiated, processed, dressed products there from won are staked in suitable dimensions and each such stock is numbered or marked in a manner prescribed by the Competent Authority

(d) The proper sanitation of the area leased/licenced to him maintained.

6. To strengthen and support the quarry to necessary extent.

The lessee/licensee shall strengthen and suport to the satisfaction of the Railways administration concerned or the State Government or any other Competent Autority controlling the provisions or the any law for the time being in force relating to the working of quarries and matters affecting safety health and labour matter as the case may be any part of the quarry which in its opinion requires such strengthening of suport for the safety of any railway, reservoirs, canal, road, high tension electric line and other public works or structures.

7. (1) The lessees/licensee shall submit from time to time or when required progress reports to the Director of Mines and Geology, along with analysis and representative sample of the minerals collected during the quarrying operations as also the periodical returns prescribed in the said Rules or in manner prescribed by him from time to time.

(2) The lessee/licensee shall submit to the Director of Mines and Geology. the Competent Authority and any other officer as may be specified by the Director of mines and Geology in the behalf, quarterly returns in FORM-Q and annual retruns in FORM.Y appended to the said rules, for each financial year ending 31st march, before the 30th April of the Succeeding year, and to allow inspection of working.

(GPA Holder)

8. To allow inspection of working.

The lessee/licensee shall allow any officer authorised by the Central Government or the State Government or the Competent Authority or the Director of Mines and Geology under the Rules in the behalf to enter upon the premises including any building excavation or land comprised in the lease/licence for the purpose of inspecting, examining, surveying and making plans thereof. sampling and collecting any data and the lessee/licensee shall with proper person employed by the lessee/licensee and acquainted with the mine/quarry and works effectively assist such officer agents servants and workmen in conducting every such inspection and shall afford them all facilities, information connected with the working of the quarry which they may reasonably require. Such officer may issue such reasonable directions as he may deem fit to prevent wasteful extraction of minerals and it shall be the duty of the lessee/licensee, his/ their agent/manager to carry out directions within such period as the officer may specify if the lessee/licensee, his/their agent or management fails to carryout such directions within the specified period, the Competent Authority may detemine the lease/licence or may impose a penalty not exceeding twice the amount of the annual dead rent.

9. To report accidents.

The lessee/licensee shall report all accidents to the Director of Mines and Geology the District magistrate and the District Superintendent of Police concerned, in case of any accident causing death or serious bodily injury or serious injury to property or seriously affecting or endangering life or property which may occur in the course of the operations under this lease/licence the lessee/licensee shall send a complete report without any delay of such an accident to the said officers.

10. To report discovery of other minerals.

Whenever the lessee/licensee shall find, in the said lands. any mineral other than the said mineral/minerals the lessee/licensee shall immediately report such discovery in writing to the Competent Authority with full particulars of the nature and position of each such find.

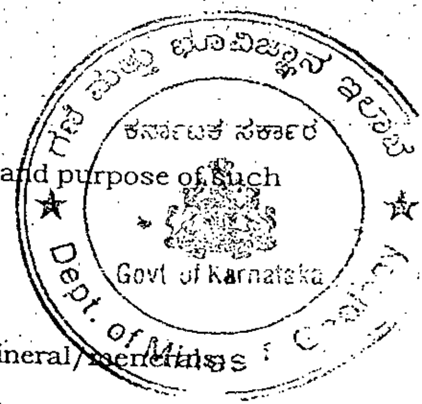

11. The lessee/licensee shall, at all times, during the said term Keep or cause to be Kept, at an officer to be situated upon or near the sid lands, correct and intelligable books of accounts which shall contain entries, showing from time to time.

(1) Quantity and quality of the said mineral/minerals realised from the said lands.

(2) Quantity of the various qualities of the said mineral/minerals beneficiated, processed or converted.

(3) Quantities of the various quantities of the said mineral/minerals sold at the quarry head or despatched to any mineral processing units, granite cutting and polishing

(GPA Holder)

units within the country and quantity exported and the manner and purpose of such sale and disposal :

(4) Detail of royalty paid and PERMITS obtained.

(5) The prices and all other particulars of all sale of the said mineral/minerals

(6) The number of persons employed in the mines or work or upon the said lands specifying nationality, qualifications and pay of the technical personnel.

(7) Such other facts, particulars and circumstances as the Competent Authority or the Director of Mines and Geology may from time to time require and shall also furnish of charge to such offices and at such times they may prescribe true and correct abstracts of all or any such books of accounts and shall at all reasonable times allow such officers or any officers at the State Government shall , in the behalf appoint, to enter into have free access to, for the purpose of examining and inspecting the said books of accounts and to make copies thereof and to make extracts there from.

12. To maintain plans etc.,

the lessee/licensee shall at all times during the said term maintain at the quarry officer correct, intelligible. Up-to-date and complete Contour and Geologoical plans and cross sections of the quarries in the said lands. They shall show all the operations, workings and all the trenches, pits and drilling made by the lessee/licensee in the course of operations carried on by him/them under the lease/licence. The lessee/licensee shall update such quarry plans and section at the end of each year or any period specified from time to time and the leseee/licensee shall furnish free of charge such plans sections and mineral specimens, to the Competent Authority whenever these required. Accurate records of trenches pits and drilling shall show:-

(a) The sub-soil and strata through which they pass.

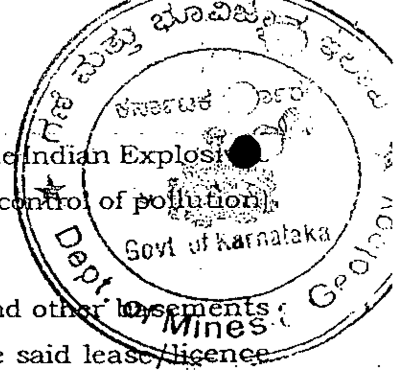

(b) Any other minerals encountered.

(c) Any other mater of interest and all data required by the State Govenment the Competent Authority from time to time.

13. To abide by the Provisions of the laws in force in respect of labour welfare, safety measures, ecology and environment.

The lessee/licensee shall be bound by the provisions of law to abide by the provisions any laws for the time being in force of the laws in force in relating to ecology and environment, of the laws in force in the working of the quarries (Mines in respect of labour welfare and minerals) are matters affecting safety measures, ecology safety health and convenience of and environment. The lessee/licensee employees or the public. The lessee/ licensee shall abide by the conditions laid down in the payment of wages act 1936 (Central

(GPA Holder)

Act No.IV of 1936). the Mines Act, 1952 (Central Act No. XXXV of 1952), the Indian Explosive Act, 1984 (Central Act IV of 1884) and the Water and Air (prevention and control of pollution) Act, 1974.

14. The lessee/licensee shall respect all existing rights of way, water and other easements and shall not carry on mining/quarrying or other operations under the said lease/licence in any way than as prescribed under the Rules.

15. Government indemnified from paying compensation for injury to third parties

The lessee/licensee shall make and pay responsible compensation for all damage, injury disturbance to person or property which may be caused by or on the part of lessee/licensee in excrcise of the liberties and power granted by these presents and shall at all times have harmless and kept indemnified the State Govenment from and againist all suits, claims and damages which my be brought or made by any person or persons in respect of any such damage, injury or disturbance.

16. Not to obstruct working of other minerals

The lessee/licensee will excercise the liberties and powers hereby granted in such a matter as to offer no unnecessary or reasonable avoidable obstructions or interruption to the development and working within the said lands of any minerals not included in this lease/licence and shall at all times afford to the Central and State Government and to the holder quarrying lease, of quarrying licence and prospecting licence or mining lease in respect of any such minerals or any minerals within any land adjacent to the said lands as the case may be reasonable means of access and safe and convenient passage upon and across the said lands to such minerals for the purpose of getting working. developing and quarrying away the same provided that the lessee/licensee shall have receive reasonable compensation for any damage or injury which he may sustain by reason or in consequence of the use of such passage by such lessee/licensee or holders of prospecting licences.

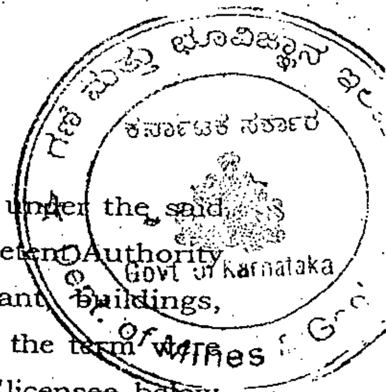

17. Lessee shall deposit any additional amount necessary equal to the security deposit

Whenever the security deposit as provided in the 9(1) and 2(1) of the said Rule or any part theereof or any further sum hereafter deposited with the State Government in replenishment thereof shall be forfeited or applied by the Competent Authority pursuant to the power hereinafter declared in that behalf the lessee/licensee shall deposit with the State Government such further sum as may be sufficient with the unappropriated part thereof to bring the amount in deposit with the State Government up to the sum of equal to the said full security deposit amount.

18. Delivery of working in good order to State Government after determination of lease

The lessee/licensee shall at the expiration or sooner determination of the said term or any renewal thereof deliver upto the State Government all mines, quarries, pits, shafts,

(GTA Holder)

inclines, other works now existing or here after to be sunk or make on or under the said lands except such as have been abandoned with the sanction of the Competent Authority in an ordinary and fair cource of working all engines, machinery, plant, buildings, structures, other works and conveniences which at the commencement of the term were upon or under the such lands and all such machinery set up the lessee/licensee below ground level which cannot be removed without causing injury to the mines, quarries or works under the said lands (except such of the same may with the sanction of the Competent Authority) and all buildings and structure of bricks or stone erected by the lessee/licensee above ground level in good repaired order and condition and fit in all respects for further working of the said mines and the said minerals.

19. Right of pre-emption.

(a) The Government shall from time to time and all times during the said terms have right to be exercised by notice in writing to the lessee/licensee of pre-emption of the said minerals (and all products therefore lying in or upon the lands hereby demised or elsewhere under the control of the lessee/licensee shall with all possible expedition deliver all minerals or products of minerals purchased by the State Government under the power conferred by this provision be exercising the said right.

(b) In the events of the existence of State or War or emergency (of which existence the President of India shall be the sole judge and a notification to his effect in the Gazette of India shall be conclusive proof) the State Government with the consent of the Central Government shall from time to time and all times during the said term have right to be exercised by a notice in writing to the lessee/ licensee shall forth with take possession and control of the works plant, machinery premises of the lessee/licensee on or in connection with the said lands or preparations under the lessee/licensee and during such possession or control the lessee/licensee shall confirm and obey all directions given by or on behalf of the Central or State Govenment regarding the use of employment of such works, plants premises and minerals, PROVIDED THAT after compensation which shall be determined in default of agreement by the State Government shall be paid to the lessee/licensee or all loss or damage sustained by him/them by reason or in consequence of the exercise of the powers conferred by this clause and PROVIDED ALSO that the exercise of such powers shall not determine the said term hereby granted or affect the terms and provisions of these presents further than may be necessary to give effect to the provisions of this cause. The Government or the Competent Authority shall have the right to dispose of the minor mineral waste generated during the course of quarrying in accordance with the provision of Schedule 2.

(GPA Holder)

20. Not to light fire in forest Areas

The lessee/licensee shall not light any fire upon the said lands if lying within the reserved forest except under such conditions as the Forest Department may in writting, specify and the lessee/licensee and his/their workmen and employees shall render prompt assistance in extinguishing any fire on the said lands or in their vicinity. The lessee/licensee shall be liable for all damages resulting from fire caused by the act or omission of the lessee/licensee or his/ their employees and shall pay such compensation for Forest Department. The decision of the Forest Department as the amount of compensation payable by the lessee/licensee shall be final and binding on the lessee/licensee.

21. No right over produce other than minerals, ores mentioned in the lease/licence

(a) The lessee/licensee shall not remove any other produce except the minor mineral mentioned in this lease. The lessee/licensee shall without delay, report to the Competent Authority and the Director of Mines and Geology, the discovery in this areas, comprised in his/their lease/licence of any minerals not specified in the lease.

(b) If any mineral/s not specified in the lease/licence is/are discovered in the leased/licenced area he/they shall not win and dispose of such mineral/s, without obataining lease/licence therefore If he fails, they fail to apply for such lease/licence within three months from the discovery of the said mineral/minerals, the Competent Authority may grant a lease/licence in respect of such mineral/minerals to any other person/persons in respect of such mineral/minerals to any other person/persons.

(c) Without the prior permission of the Director of Mines and Geology the lessee/licensee shall not use the minor minerals quarried under these rules for a purposes which will classify them as major minerals.

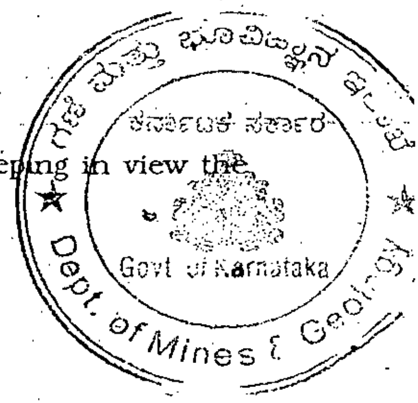

22 . The lessee/licensee shall make available to the Government of India beryl or any other "Substance prescribed" under Section of the Atomic Energy Act (Act XXIX of 1948) if they are found to occur in the said lands.

23. The State Government shall be immune from the lessee/licensee claims for damge and account or any having been included in this lease which may subsequently be discovered have not been available for the lease.

24. The lessee/licensee or his assignees shall not erect by building in contravention of the provisions of any law for the time being in force relating to the erection of buildings or in contravention of any order is issued by any officer or authority composed to issue such order any such law within whose jurisdiction the leased area is situated.

25. The lessee/licensee shall abide by such reasonable instructions and direction as may be issued by the Director of Mines and Geology from time to time regarding conservation and development of minerals.

(GPA Holder)

23. The lessee/licensee shall minimise the air and water pollution keeping in view the local atmosphere/environment.

PART VIII

THE COVENANTS OF THE STATE GOVERNMENT

1. Lessee may hold and enjoy rights quietly

(1) Lessee/licensee paying the rents and royalties hereby resereved and observing and performing all the covenants and agreements herein contained and on the part of the lessee/licensee is to be observed and performed shall and may queitly hold and enjoy the rights and premises hereby demised for and during the term hereby granted without any unlawful interruption from or by the State Government, or any person rightfully claiming under it.

2. To renew (Not applicable)

If the lessee/licensee be desirous of taking lease/licence of the premises here by demised or of any part of them for a further term on the expiry of the term hereby granted and if he/they give the Competent Authorty an application in writing twelve months before the expiry of the leasee/licences as prescribed in the said Rules and shall pay the rents and royalties hereby reserved and shall observe and perform the several covenants and agreements herein contained and on the part of the lessee/licensee to be observed and performed upto the expiration of the term hereby granted the Competent Authority will upon his/their executing and delivering to the State Government if required a counterpart thereof execute and deliver to the lessee/licensee a reneval lease/licence of the said premises for the further term not exceeding the term of this lease/licence at such rents and royalties and no such terms and subject to such convenants and agreements including this present covenants to renew as shall be in accordance with the said Rules applicable to .... (name of minerals) on the day next following the expiration of the term hereby granted.

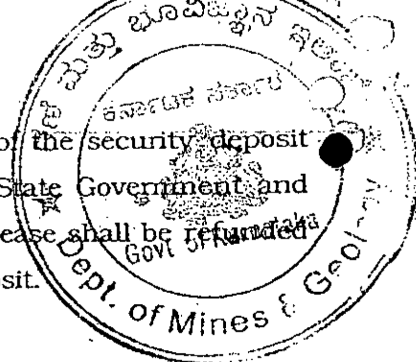

3. Liberty to surrender this lease/licence.

The lessee/licensee shall be at librety to surrender this lease/licence by giving notice of not less than three months in writing to the Competent Authority and no fresh liability shall accure to the lessee/licensee from the date of such surrender provided that all the Government dues on rents, royalties and taxes shall be declared off arising upon the date of surrender.

4. Refund of Security Deposit.

On such date as the competent Authority may within two months after the

(GPA Holder) M.C.

determination to this lease or of any renewal therof, the amount of the security deposit paid in respect of the lease and then remaining deposit with the State Government and not required to be applied to any of the purpose mentioned in this lease shall be refunded to the lessee/licensee. No interest shall run on the security deposit.

PART IX

GENERAL PROVISION

1. Breach of conditions.

In case of breach of any of the conditions of the lease other than mentioned in clause 2 and 3 of this part then the Competent Authority may require the lessee/licensee or his/ their assigns to pay penalty not exceeding an amount equivalent to twice the amount of the annual dead rent specified under clause I part V.

2. Obstruction to Inspection.

In case lessee/licensee or his/their assignees does/do not allow or obstruct entry or inspection by the Officers authorised by the State Govenment the Competent Authority may cancel the lease and forfiet the whole or part of the deposit made under Rule 9(1) and 21(1) of the said Rules.

3. In case lessee/licensee or his/their assignees commit any breach of any of the conditions specifies in the clauses sub rule (1) and (2) of rule 6 of the said Rule then and in any such case the Competent Authority shall give notice in writing to the lessee/licensee or his/thier or assignees as the case may be, asking him/them to remedy the breach within thirty days from the date of the notice and if the breach is not remedied within such period the Competent authority under the said Rules determine the lease provided that nothing therein contained shall debar the State Government from enforcing any other right or remedy that the State Government may have against the lessee/licensee or his/her assignees under any other provisions herein contained.

KMMCR-1994 ನಿಯಮ-7ರಂತೆ ಕಲ್ಲುಗಣಿ ಗುತ್ತಿಗೆ ಪ್ರದೇಶದಲ್ಲಿ ಗಣಿ ಕಾರ್ಯನಿರ್ವಹಿಸಲು ಗುತ್ತಿಗೆ ಕರಾರು ಪುಸ್ತಕದಲ್ಲಿ ಹೆಚ್ಚುವರಿ ನಿಬಂಧನೆಗಳನ್ನು ವಿಧಿಸುವ ಕುರಿತು.

1. ಕಲ್ಲು ಗಣಿಗುತ್ತಿಗೆ ಪ್ರದೇಶದಲ್ಲಿ ಗಣಿ ಕಾರ್ಯನಿರ್ವಹಿಸಲು SEIAA Karnataka ರವರಿಂದ SEIAA 414 MIN 2019 ದಿನಾಂಕ:18-07-2019 ರಂದು ಜಾರಿಯಾದ ಪರಿಸರ ಅನುಮತಿ ಪತ್ರದಲ್ಲಿ ವಿಧಿಸಿರುವ ಕ್ರಮ ಸಂಖ್ಯೆ:01 ರಿಂದ 60 ವರೆಗಿನ ನಿರ್ದಿಷ್ಟ ಷರತ್ತುಗಳು ಹಾಗೂ ಕ್ರಮ ಸಂಖ್ಯೆ: 01 ರಿಂದ 23 ರವರೆಗಿನ ಸಾಮಾನ್ಯ ಷರತ್ತುಗಳನ್ನು ಕಡ್ಡಾಯವಾಗಿ ಪಾಲಿಸುತ್ತೇವೆ.
2. ಕರ್ನಾಟಕ ಉಪ ಖನಿಜ ರಿಯಾಯಿತಿ (ತಿದ್ದುಪಡಿ) ನಿಯಮಾವಳಿ-2013ರ ಅಧ್ಯಾಯ-IIAರ ನಿಯಮಗಳಂತೆ ಕಲ್ಲು ಗಣಿಗುತ್ತಿಗೆ ಪ್ರದೇಶದಲ್ಲಿ ವೈಜ್ಞಾನಿಕ ಗಣಿಗಾರಿಕೆ ನಡೆಸುವುದಾಗಿ ಪ್ರಮಾಣೀಕರಿಸುತ್ತೇನೆ.
3. Mines Act 1952 Sec. 2 & 3ರಂತೆ ಗಣಿ ಗುತ್ತಿಗೆ ಪ್ರದೇಶದಲ್ಲಿ 6 ಮೀಟರ್‌ಗಿಂತ ಹೆಚ್ಚಿನ ಆಳದಲ್ಲಿ ಗಣಿಕಾರ್ಯ ನಿರ್ವಹಿಸಬೇಕಾಗಿದ್ದಲ್ಲಿ ಸಂಬಂಧಪಟ್ಟ Director General Mines Safety ರವರಿಂದ ಸುರಕ್ಷಿತ ಪ್ರಮಾಣ ಪತ್ರ ಪಡೆದು ಕಾರ್ಯ ನಿರ್ವಹಿಸುತ್ತೇವೆ.
4. SEIAA Karnataka ರವರಿಂದ ಕಲ್ಲುಗಣಿ ಗುತ್ತಿಗೆ ಪ್ರದೇಶದಲ್ಲಿ ಗಣಿ ಕಾರ್ಯನಿರ್ವಹಿಸಲು ದಿ:18-07-2019 ರಂದು ಜಾರಿಯಾದ ಪರಿಸರ ಅನುಮತಿ ಪತ್ರದಲ್ಲಿ ವಾರ್ಷಿಕವಾಗಿ ಉತ್ಪಾದನೆ ಪ್ರಮಾಣಕ್ಕನುಗುಣವಾಗಿ ಗಣಿಗುತ್ತಿಗೆ ಪ್ರದೇಶದಲ್ಲಿ ಖನಿಜ ಉತ್ಪಾದಿಸುವ ಷರತ್ತಿಗೆ ಬದ್ಧನಾಗಿರುತ್ತೇವೆ.
5. ಸರ್ಕಾರವು ಕಾಲಕಾಲಕ್ಕೆ ವಿಧಿಸುವ ರಾಜಧನ, ಸರಾಸರಿ ಹೆಚ್ಚುವರಿ ನಿಯತಕಾಲಿಕ ಸಂದಾಯದ ಮೊತ್ತ, ಜಿಲ್ಲಾ ಪ್ರತಿಷ್ಠಾನ ನಿಧಿ ಹಾಗೂ ಇತರೆ ಅನ್ವಯಿಕ ಶುಲ್ಕಗಳನ್ನು ಪಾವತಿಸುವ ಷರತ್ತಿಗೆ ಒಳಪಟ್ಟಿದೆ.
6. ಕಲ್ಲುಗಣಿ ಗುತ್ತಿಗೆ ಪ್ರದೇಶದಲ್ಲಿ ಉತ್ಪಾದನೆಯಾಗುವ ಅನುಪಯುಕ್ತ ಉಪಖನಿಜದ ವಿವರಗಳನ್ನು ತ್ರೈಮಾಸಿಕ ವರದಿ ಮತ್ತು ವಾರ್ಷಿಕ ವರದಿ (ನಮೂನೆ-Q ಮತ್ತು ನಮೂನೆ-Y) ಗಳಲ್ಲಿ ನಮೂದಿಸಿ ಇಲಾಖೆಗೆ ನಿಗಧಿತ ಸಮಯದಲ್ಲಿ ಸಲ್ಲಿಸಲು ಬದ್ಧನಾಗಿರುತ್ತೇವೆ.
7. ಕರ್ನಾಟಕ ಉಪ ಖನಿಜ ರಿಯಾಯಿತಿ ನಿಯಮಾವಳಿ-1994ರ ನಿಯಮ-6(2)ರಂತೆ ಸಾರ್ವಜನಿಕ ರಚನೆಗಳಿಂದ ಸುರಕ್ಷಿತ ಅಂತರವನ್ನು ಕಾಯ್ದಿರಿಸಿಕೊಂಡು ಗಣಿಗುತ್ತಿಗೆ ಪ್ರದೇಶದಲ್ಲಿ ಗಣಿಕಾರ್ಯ ನಿರ್ವಹಿಸಲು ಬದ್ಧನಾಗಿರುತ್ತೇವೆ.
8. ಗಣಿ ಪ್ರದೇಶದಲ್ಲಿ ಕಾರ್ಯನಿರ್ವಹಿಸುವ ಕಾರ್ಮಿಕರ ಸುರಕ್ಷತೆಗಾಗಿ ಕಾರ್ಮಿಕ ಇಲಾಖೆ ಕಾಯ್ದೆ ಮತ್ತು ನಿಯಮಾವಳಿಗಳಿಗೆ ಮತ್ತು ಕಾಲಕಾಲಕ್ಕೆ ಜಾರಿಯಾಗುವ ತಿದ್ದುಪಡಿಗಳಿಗೆ ಬದ್ಧನಾಗಿರುತ್ತೇವೆ.
9. ಕರ್ನಾಟಕ ಉಪ ಖನಿಜ ರಿಯಾಯಿತಿ (ತಿದ್ದುಪಡಿ) ನಿಯಮಾವಳಿ-2016ರ ನಿಯಮ-31- ZCರ ನಿಯಮ/ ಅಧಿಸೂಚನೆ ಸಂಖ್ಯೆ:ಗಭೂಇ/ಉನಿ(ಖ.ಆ)/ಕಗಗು/ಎಂ-ಸ್ಯಾಂಡ್-21/2016/19-20/2498-2506, ದಿನಾಂಕ: 02-08-2019ರಲ್ಲಿ ವಿಧಿಸಿರುವ ಷರತ್ತುಗಳಿಗೆ ಬದ್ಧನಾಗಿರುತ್ತೇವೆ.
10. ಕಟ್ಟಡ ಕಲ್ಲುಗಣಿ ಗುತ್ತಿಗೆಗೆ ಸಂಬಂಧಿಸಿದಂತೆ ಯಾವುದೇ ನ್ಯಾಯಾಲಯದಿಂದ ಅರಣ್ಯ ಇಲಾಖೆ, ಕಂದಾಯ ಇಲಾಖೆಯಿಂದ ವ್ಯತಿರಿಕ್ತ ಆದೇಶ ಬಂದಲ್ಲಿ ಕೆ.ಎಂ.ಎಂ.ಸಿ.ಆರ್-1994ರನ್ವಯದ ಕ್ರಮಗಳಿಗೆ ಬದ್ಧನಾಗಿರುತ್ತೇವೆ.
11. ಈ ಗುತ್ತಿಗೆ ಕರಾರು ನಂತರ ಕೇಂದ್ರ ಸರ್ಕಾರ ಅಥವಾ ರಾಜ್ಯ ಸರ್ಕಾರ ಅಥವಾ ಯಾವುದೇ ಶಾಸನಬದ್ಧ ಸಂಸ್ಥೆ/ಪ್ರಾಧಿಕಾರದಿಂದ ಕಾಲಕಾಲಕ್ಕೆ ಹೊರಡಿಸುವಂತಹ ಆದೇಶ ಹಾಗೂ ಮಾರ್ಗಸೂಚಿಗಳಿಗೆ ಬದ್ಧನಾಗಿರುತ್ತೇವೆ.
12. ಸಕ್ಷಮ ಪ್ರಾಧಿಕಾರಿಯು ಕೆ.ಎಂ.ಎಂ.ಸಿ.ಆರ್-1994ರ ನಿಯಮ-7ರಂತೆ ಕಾಲಕಾಲಕ್ಕೆ ವಿಧಿಸುವ ಹೆಚ್ಚುವರಿ ಷರತ್ತು ಮತ್ತು ನಿಬಂಧನೆಗಳಿಗೆ ಬದ್ಧನಾಗಿರುತ್ತೇವೆ.

ಶ್ರೀಮತಿ ಅನುಸೂಯ

State Level Environment Impact Assessment Authority-Karnataka

(Constituted by MoEF, Government of India, under section 3(3) of E(P) Act, 1986)

No. SEIAA 414 MIN 2019

Date: 18-07-2019

To,

M/s. Sri Deviramma Stone Crushers,
Pro - Anusuya
(GPA Holder – H B Sudharshan)
C/o Ramaya Gowda,
Marle Village,
Chikkamagaluru Taluk & District
Karnataka.

Sir,

Sub: Quarrying of Building Stone at Sy. No. 134 (P) in Marle Village, Chikkamagaluru Taluk & District by M/s. Sri Deviramma Stone Crushers- Issue of Environmental Clearance - Reg.

*****

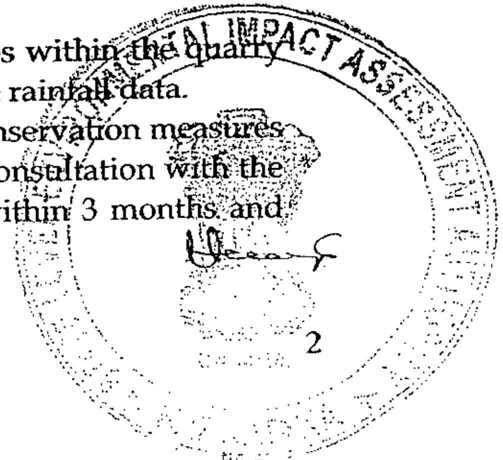

This has reference to your online application dated 15th May 2019 bearing proposal No.SIA/KA/MIN/36296/2019 addressed to SEIAA, Karnataka on the subject mentioned above. It has been noted that the proposal is for grant of Environmental Clearance under the provisions of EIA Notification, 2006, for quarrying of Building Stone. The total quarry lease area of the project is 10-00 Acres, which is a Government Gomala Land. Out of 10-00 Acres of area, 8-00 Acres area is for quarrying, 0-20 acres area is for Roads, 1-20 acres area is for Safety zone. Working will be Open Cast and Semi Mechanized method. The water requirement for the project is 8.55 KLD will be met from tankers. During the quarrying operation about 1,18,468 Tonnes of waste rock will be handled for a period of 5 years. The Senior Geologist, Department of Mines and Geology, Chikkamaglur has approved quarrying plan on 29th April 2019. Capital cost of the project is about Rs. 60 Lakhs. It is reported that the lease area do not attract General Conditions specified in the EIA Notification, 2006 and the amendments made there on.

2. The State Expert Appraisal Committee (SEAC) appraised the project in its meetings held on 13th June 2019 and recommended for issue of environmental clearance for extraction of 90% of the quantity proposed in the approved quarry plan. The State Environment Impact Assessment Authority (SEIAA), Karnataka has considered the application in their meeting held on 4th July 2019 in accordance with the EIA Notification 2006 and hereby accords environmental clearance under the provisions thereof to the above mentioned M/s. Sri Deviramma Stone Crushers for Quarrying of Building Stone as recommended by State Expert Appraisal Committee (SEAC) for production

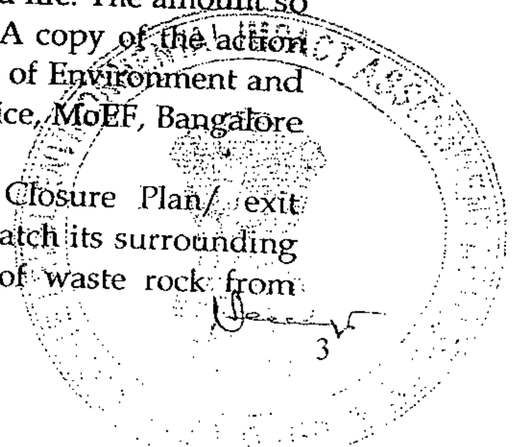

capacities of 4,50,180 Tonnes per Annum for a period of 5 years by Open Cast and Semi Mechanized method involving quarry lease area of 10-00 Acres subject to implementation of the following conditions and environmental safeguards.

A. <u>SPECIFIC CONDITIONS</u>:

1. Validity of this Environmental Clearance is limited to 5 years from the date of issue of this letter.
2. Quarry plan approved by the Department of Mines and Geology shall be strictly implemented and shall not be operated beyond the validity period of the approved quarry plan.
3. Baseline data on health profile of each of the workers shall be maintained.
4. PAs should get the health checkup done for the quarry workers on quarterly basis and submit report periodically.
5. The SEIAA, Karnataka reserves the right to withdraw the environmental clearance subject to any change in the quarrying policy by the State Government as may be applicable to this project.
6. Quarrying shall be undertaken strictly in accordance with provisions of MM (D&R) Act 1957 / KMMC RULES-1994.
7. All the conditions stipulated in the Consent for establishment issued (If applicable) by the Karnataka State Pollution Control Board should be effectively implemented.
8. The quarrying operations shall not intersect ground water table. Prior approval of the SEIAA / Ministry of Environment & Forests and Central Ground Water Authority shall be obtained for quarrying below water table.
9. The topsoil if any should be stacked at earmarked site only and should not be kept unutilized for a period more than 3 years. The topsoil should be used for reclamation and plantation.
10. Waste rock shall be stacked at earmarked site (s) only. The maximum height of the stack should not exceed 10m duly providing suitable terraces. The overall slope of the dump shall not exceed 27°. A retention wall shall be built around the waste rock dump to prevent sliding.
11. Catch drains and siltation ponds of appropriate size should be constructed to arrest silt and sediment flows from quarry working area and rock dumps. The water so collected should be utilized for watering the haulage area, roads, green belt development etc., the drains should be regularly de-silted particularly after monsoon and maintained properly.
12. Dimension of the retaining wall at the toe of dumps within the quarry to check run off and siltation should be based on the rainfall data.
13. The project authority should implement suitable conservation measures to augment ground water resources in the area in consultation with the Regional Director, Central Ground Water Board within 3 months and report be submitted to the Authority.

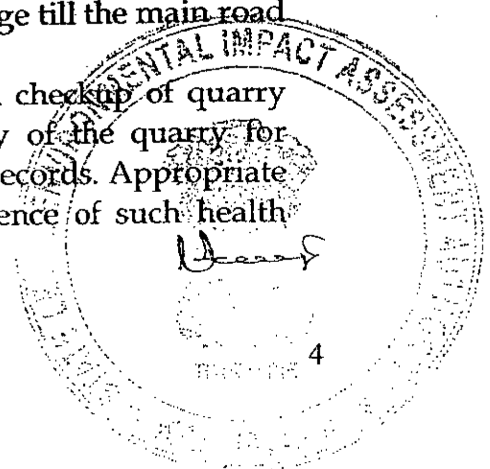

14. Appropriate mitigation measures should be taken to prevent pollution of nearby water bodies in consultation with the State Pollution Control Board.
15. The project proponent shall submit commitment from the competent authority for drawl of requisite quantity of water for the project before starting work on the project.
16. Suitable rainwater harvesting measures on long-term shall be planned and implemented in consultation with Regional Director, Central Ground Water Board for complete rain water harvesting by constructing check dams/converting quarried pits to rain water harvesting ponds.
17. Vehicular emissions should be kept under control and regularly monitored. Measures shall be taken for maintenance of vehicles used in quarrying operations and in transportation of blocks.
18. Digital processing of the entire lease area using remote sensing technique should be done regularly once in three years for monitoring land use pattern and report submitted to SEIAA Karnataka, Department of Environment and Ecology, Govt. of Karnataka and the APCCF, Regional Office, MoEF, Bangalore.
19. This environmental clearance does not confer any right to the proponent on the land proposed for quarrying until and unless quarry lease and all other statutory clearance are obtained from the respective department/agencies.
20. The project authorities should undertake sample survey to generate data on pre-project community health status within a radius of 1 km from proposed quarry.
21. Consent to operate if applicable shall be obtained from State Pollution Control Board prior to start of production from the quarry.
22. Proper sanitary facilities should be installed for the colony/work place. Domestic waste generated should be disposed in a scientific manner. Proper first aid facilities and health care facilities should be provided for the labourers.
23. The project proponent shall take all precautionary measures during quarrying operation for conservation and protection of endangered fauna spotted in the study area. Action plan for conservation of flora and fauna shall be prepared and implemented in consultation with the State Forest and Wildlife Department. The proponent shall contribute towards the cost of implementation of the plan and / or Regional Wildlife Management Plan for conservation of wild life. The amount so contributed shall be included in the project cost. A copy of the action plan may be submitted to the SEIAA, Department of Environment and Ecology, Govt. of Karnataka, and the Regional Office, MoEF, Bangalore within 3 months.
24. The project proponent shall delineate Quarry Closure Plan/ exit protocol to rehabilitate the quarried out land to match its surrounding land use including removal, storage and reuse of waste rock from

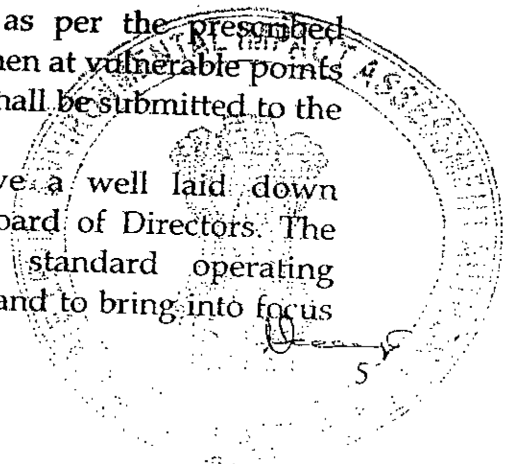

quarry area to cover reclaimed area. Post Quarry Land Use Plan with rehabilitation of quarried out area (with Plan and Section) provided and submit to SEIAA.

25. Plantation monitoring programme during post project period for ensuring survival and growth rate of plantation in reclaimed area.
26. A Final Quarry Closure Plan along with details of Corpus Fund should be submitted to the SEIAA Karnataka, Department of Environment and Ecology, Govt. of Karnataka and the Regional Office, MoEF, Bangalore 5 years in advance of final quarry closure for approval.
27. Retention walls should be a minimum of 2.5 mtr height with base of 3 mtr.
28. Check dams and gully plugs along the smaller streamlets in the area, should be constructed to arrest the loose soil flow from the quarry area.
29. Particulars of dimensioned block production and dispatch shall be provided by the quarry owner yearly.
30. The infrastructure of transport roads should be improved collectively by the quarry owners of the area.
31. Link road from quarry site to main road shall be maintained and black topped by the project proponent.
32. The quarry lease area to be properly demarcated using the lat-long coordinates and duly erecting 4 feet concrete/granite pillars on the ground.
33. No quarrying shall be undertaken outside the lease area.
34. The project Authorities shall maintain a margin of 7.5 meters along the lease boundary except in case where common boundary working permission is obtained from the competent authority.
35. The project authorities shall also earmark at least 5 % of the total turnover of the project towards the corporate social responsibility and item-wise details along with time bound action plan shall be prepared and submitted to the Authority.
36. The project authority shall ensure that the quarry pits are well protected erecting a compound wall of stone masonry of appropriate height conforming to safety norms.
37. The project authority shall avoid stagnation of water in the quarry pits which would turn out to be mosquito breeding centers resulting in spreading of diseases such as malaria, dengue, etc.
38. The project proponent shall prevent damage to adjoining land, from fire due to activities during quarrying operation.
39. Haulage approach road should not be through village till the main road is reached.
40. The project authorities shall get the annual health checkup of quarry workers as well as people in the nearest vicinity of the quarry for respiratory diseases such as silicosis and maintain records. Appropriate care shall be taken for remedy in case of prevalence of such health disorders.

41. Clearance/NOC from the competent authority shall be obtained for transportation of water by tankers in order to avoid hardship to the competitive users
42. This Environmental Clearance is granted subject to obtaining prior clearance from Forestry and Wild Life angle including clearance from the Standing Committee of the National Board for Wildlife as applicable. Further this Environmental Clearance does not necessarily implies that Forestry and Wildlife Clearance shall be granted to the project and that the proposal for Forestry and Wildlife Clearance shall be considered by the respective Authorities on their merits and decision taken. The investment made in the project if any based on Environmental Clearance so granted in anticipation from the forestry and wild life angle shall be entirely at the cost and risk of the project proponent and the SEIAA-Karnataka shall not be responsible in this regard in any manner.
43. Solid waste/hazardous waste generated in the mines/quarry needs to addressed in accordance to the Solid Waste Management Rules, 2016 / Hazardous & Other Waste Management Rules, 2016
44. Ambient air quality monitoring stations as prescribed in the statue be established for monitoring of pollutants, namely PM_{10}, $PM_{2.5}$, SO_2 and NO_x. Location of the stations shall be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive targets in consultation with the State Pollution Control Board wherever applicable.
45. Regular monitoring of ground water level and quality shall be carried out in and around the mine/quarry lease area by establishing a network of existing wells and constructing new piezometers during the Quarrying operations. The monitoring of ground water levels shall be carried out four times a year i.e. pre-monsoon, monsoon, post-monsoon and winter. The ground water quality shall be monitored once a year, and the data thus collected shall be sent regularly to MoEF&CC/RO.
46. Monitoring of water quality upstream and downstream of water bodies shall be carried out once in six months and record of monitoring data shall be maintained and submitted to the Ministry of Environment, Forest and Climate Change/Regional Office
47. Controlled blasting techniques shall be practiced in order to mitigate ground vibrations, fly rocks, noise and air blast etc., as per the guidelines prescribed by the DGMS.
48. The noise level survey shall be carried out as per the prescribed guidelines to assess noise exposure of the workmen at vulnerable points in the mine premises, and report in this regard shall be submitted to the Ministry/RO on six-monthly basis.
49. The company / project proponent shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus

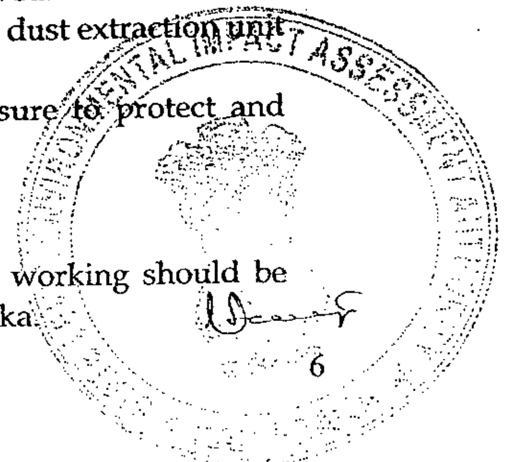

any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company / Project proponent shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.

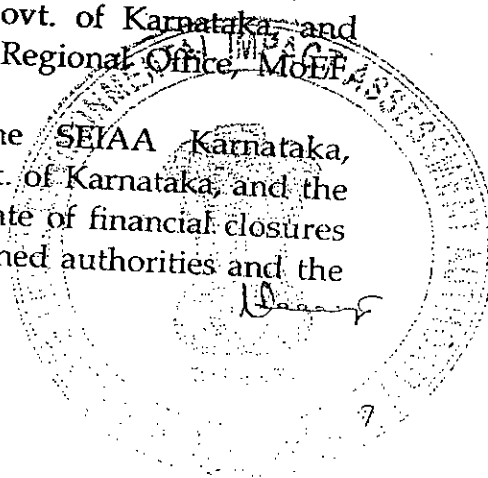

50. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report
51. Self-environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.
52. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
53. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
54. The project authorities shall inform to the Regional Office of the MoEF&CC regarding commencement of Quarrying operations.
55. No further expansion or modifications in the project shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC)/ SEIAA, Karnataka.
56. The project authorities shall undertake activities under Corporate Environment Responsibility (CER) with a total cost of not less than Rs. 25 Lakhs as committed by letter dated 15th July 2019 for the purpose of taking-up for rejuvenation of Marle Kere within five years in accordance with the O.M. F. No.22-65/2017-IA.III dated 1st May 2018 and report be submitted to the Authority.
57. Safe Drinking water has to be provided at the quarry site.
58. Dust suppression measures have to be strictly followed.
59. The drilling machines employed shall be fitted with dust extraction unit while taking up quarrying activity.
60. The proponent to take necessary preventive measure to protect and conserve flora & fauna in study area.

B. GENERAL CONDITIONS

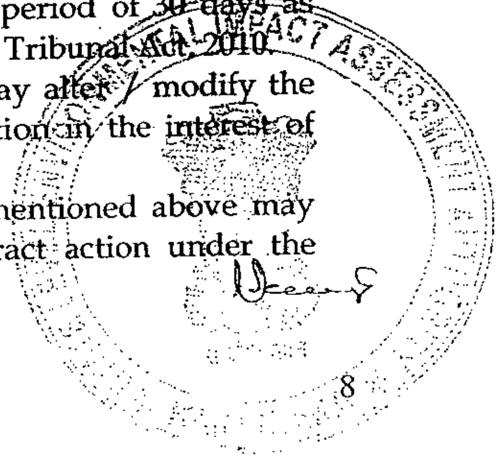

1. No change in quarrying technology and scope of working should be made without prior approval of the SEIAA Karnataka.

2. No change in the calendar plan including excavation, quantum of mineral and waste should be made.
3. It shall be ensured that the Ambient Air Quality parameters conform to the norms prescribed by the MoEF, Govt. of India, New Delhi.
4. Data on ambient air quality (PM_{10}, $PM_{2.5}$, SO_2, NO_x) should be regularly submitted to the SEIAA Karnataka and the Regional Office, MoEF, Bangalore and the State Pollution Control Board / Central Pollution Control Board once in six months.
5. Fugitive dust emission from all the sources should be controlled regularly. Water spray arrangement on haul roads, loading and unloading and at transfer points should be provided and properly maintained.
6. Measures should be taken for control of noise levels below 85 dBA in the work environment. Workers engaged in operations of HEMM, etc should be provided with earplugs / muffs.
7. Waste water from the quarry should be properly collected, treated so as to conform to the standards prescribed under GSR 422 (E) dated 19th may 1993 and 31st December, 1993 or as amended from time to time. Oil and grease trap shall be installed before discharge of effluents.
8. Personnel working in dusty areas should wear protective respiratory devices and they should also be provided with adequate training and information on safety and health aspects.
9. Occupational health surveillance program of the workers should be undertaken periodically i.e. once in 3 months to observe any contractions due to exposure to dust and take corrective measures, if needed. Quarterly report in this regard should be submitted to the Department of Environment and Ecology, Govt. of Karnataka and the Karnataka State Pollution Control Board and the Regional Office, MoEF, Bangalore.
10. A separate environmental management cell with suitable qualified personnel shall be set-up under the control of a Senior Executive, who will report directly to the Head of the organization. The Environment management committee should be constituted with one of the member representing nearby village.
11. The funds earmarked for environmental protection measures should be kept in separate account and should not be diverted for other purpose. Year wise expenditure should be reported to the SEIAA Karnataka, the Department of Environment and Ecology, Govt. of Karnataka and Ecology, Government of Karnataka, and the Regional Office, MoEF, Bangalore.
12. The project authorities should inform the SEIAA Karnataka, Department of Environment and Ecology, Govt. of Karnataka and the Regional Office, MoEF, Bangalore regarding date of financial closures and final approval of the project by the concerned authorities and the date of start of land development work.

13. The APCCF, Regional Office of MoEF, Bengaluru; the Department of Environment and Ecology, Govt. of Karnataka and the Karnataka State Pollution Control Board shall monitor compliance of the stipulated conditions. The project authorities should extend full co-operation to the Officer (S) of these offices by furnishing the requisite data / information / monitoring reports.
14. The project proponent shall submit six monthly report on the status of the implementation of the stipulated environmental safeguards to the SEIAA Karnataka, Department of Environment and Ecology, Government of Karnataka and the APCCF, Regional Office, MoEF, Bengaluru; the Central Pollution Control Board and the Karnataka State Pollution Control Board.
15. A copy of the clearance letter will be marked to the concerned Panchayat. Local NGO, if any, from whom suggestion / representation has been received while processing the proposal.
16. The project proponent should display the conditions prominently at the entrance of the project on a big panel board for the information of the public.
17. The Karnataka State Pollution Control Board should display a copy of the clearance letter at the Regional office, District Industry Centre and Collector's office/ Tehsildar's office for 30 days.
18. The project authorities should advertise at least in two local newspapers widely circulated, one of which shall be in the vernacular language of the locality concerned, within 7 days of the issue of the clearance letter informing that the project has been accorded environmental clearance and a copy of the clearance letter is available with the State Pollution Control Board and also at http://environmentclearance.nic.in/ website of the MoEF&CC and http://seiaa.karnataka.gov.in/ website of SEIAA, Karnataka. A copy of the same should be forwarded to the Department of Environment and Ecology, Government of Karnataka and the Regional Office, MoEF&CC, Bangalore.
19. Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environmental (Protection) Act, 1986.
20. Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
21. The SEIAA or any other competent authority may alter / modify the above conditions or stipulate any further condition in the interest of environment protection.
22. Failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986.

23. The above conditions will be enforced inter-alia, under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and the Public Liability Insurance Act, 1991 along with their amendments and rules made there under.

Yours faithfully,

(Vijayakumar Gogi)
Member Secretary,
SEIAA, Karnataka.
